

Report on Three UASU Perks Surveys
January 12th, 2020
Prepared by Alisha Bhakri

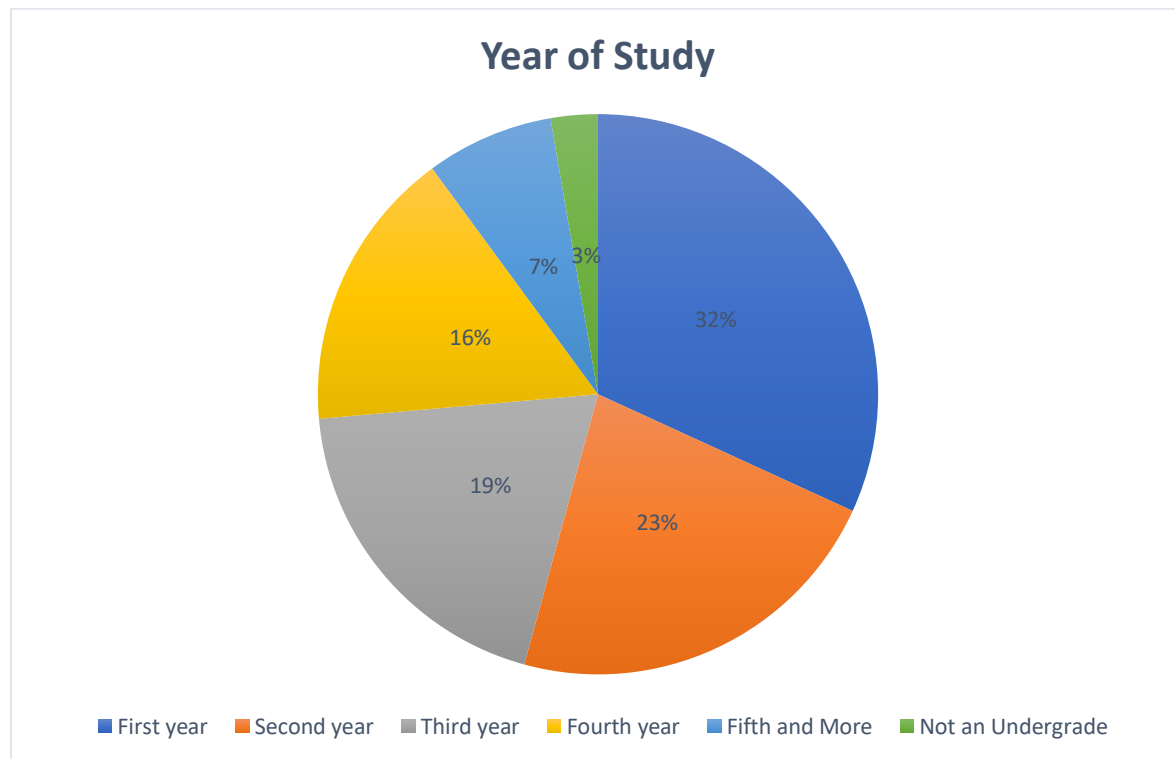

Overview

Below is a visual representation of three surveys that were conducted on the UASU Perks platform at the end of the Fall 2020 semester. For the first survey there were 625 responses. For the second survey there were 657 responses, and for the last survey there were 702 responses.

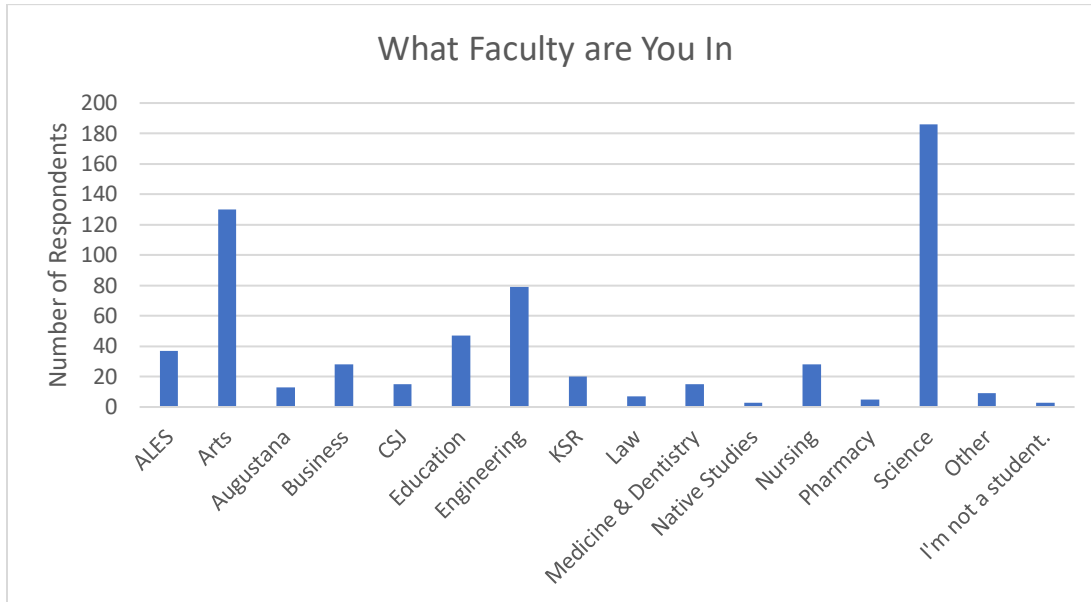

- The first survey was taken to see which faculty and year the respondents were in.
- The second survey was conducted to see how students currently feel about the COVID safety precautions.
- The third survey was to see why students attend post secondary, more specifically the University of Alberta.
