Special Meeting

We would like to respectfully acknowledge that our University and our Students' Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students' Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

University of Alberta

INTERNATIONAL STUDENTS' ASSOCIATION

Message from the President

Greetings!

I would like to thank the members of the UASU Students' Council for reviewing the University of Alberta International Students' Association (hereinafter, "ISA") application for Student Representative Association (SRA) status. On behalf of our undergrad council, I invite you to review our request for the status of Student Representative Association as per UASU Bylaw 8100.

The ISA was formed in 2013 as an initiative by UASU VP Student Life and councillors to create an international student advocating body at UAlberta to better support the needs of a vast and diverse international students' community. The UASU decided to host a town hall in Telus Center, Since then, the ISA has actively advocated for international students and played an important role in the implementation of fixed tuition fees for international students, residence crises, Fall U-Pass, etc. At the very formation of the ISA, the main motive was to make it an SRA. However, years passed and our voices to make ISA representative of all undergraduate international students waved but the ISA always went above and beyond the normal call of duty. We have been working to build a strong community at our university and have been active in standing by the Students' Union whenever called upon to support the UASU led protests whether its 2020 Board of Governors meeting or 2014 SU Protest march to legislature. The ISA has always acted in the capacity of a Student Representative Association and stood true to its membership by amplifying their voice by hosting numerus SU Election Forums to bring our issues on the table and make UASU more active on international students' issues.

Today after 7 years of ISA's formation, we the international students ask the Students' Council to delegate its representing authority over international undergraduate students to the ISA. Thank you all for your time and consideration in reading this submission. If you have any questions, we are here to answer them.

Best Regards,
Chanpreet Singh
President of the UAISA 2020-2021

INTERNATIONAL STUDENTS' ASSOCIATION

Introduction

University of Alberta International Students' Association (ISA) was formed in 2013 after the increased students demand to have an international student advocating body at the University of Alberta. Board of Governors at University of Alberta made an unannounced decision to increase the tuition fee of international students, Councillor Zhaoyi and Zujie of UASU Students' Council, hosted a public meeting to discuss this further and sent letters to all regional student groups to further spread out the news. As a result, 100+ students showed up on a sit in protest in the Board of Governors Meeting at UofA. UASU realized the importance of an international students' advocating body and decided to host a town hall in Telus center. 2013-2014 Vice President Student Life of UASU, William Lau took this project and sent out letters to all regional groups to attend the townhall and suggest an organizational structure for an international student advocating body (namely, ISA) to cater the diverse international students community at UofA. Various student groups executives proposed numerous models and after an extensive discussion, ISA was formed with a council and an executive committee consisting of an UASU exec with an aim to become an SRA in following years.

ISA played an active part in representing international students' interests and officially advocated to have a predictable tuition fee for international students to better plan the total cost of their tuition fee over the period of their degree at UofA. ISA conducted a campus wide survey and to better support this idea with data and with the help of UASU, today in 2020 this new fee model is implemented. ISA also has been always active in hosting Students' Union Election Forums from time to time to raise our issues and hold future/current executives accountable for their actions. Unfortunately, in 2018, ISA after an unfavourable termination of its operations, revived in January 2020 and ever since then the ISA has been working tirelessly to represent the interests of international students at the UofA. ISA have always stood true to its membership and it was also proven recently when City excluded international students from the Ride Transit Program, the ISA worked with the UASU, and International Student Services (ISS) and reached out directly to the City and ETS to express our concerns. Our teamwork lead to the inclusion of international students into the ride transit program.

The ISA strongly favours student involvement and, in an effort to strengthen the membership engagement, the ISA has open Councils known as the ISA's Graduate Council and ISA's Undergraduate Council, collectively known as the International Students' Council (ISC). The ISA's Undergrad Council consist of 20 elected members and 15+ delegates. However, the Council extends to more than just its 35 councillors as any international student is empowered to attend and speak in these Council meetings. This right to attend and speak in the Council meetings of the ISA provides an essential opportunity to every international student to raise their voice to apprise their desires to the university. The ISA's Undergrad Council also comprises of delegates

INTERNATIONAL STUDENTS' ASSOCIATION

from six major faculty associations i.e., Engineering(ESS), Arts(OASIS), Science(ISSS), Business(BSA), Pharmacy(APSA), and Nursing(NUA), delegates from two UofA campus associations i.e., Augustana Campus(ASA) and Campus Saint-Jean (AUFJSJ), delegates from five regional groups i.e., CSSA, INDSA, PSA, BSA and NSA along with an official representative from the Students' Union (SU). These delegates further strengthen student involvement by bringing international students' concerns from their respective associations of varied backgrounds at the UofA. Thus, the ISA's Council's with its composition is a council to raise international students' issues in our University. Consequently, this Council in all right spirits gives ISA the legitimacy to truly demonstrate the voice of all international students.

Reason for this Submission

As an organization by international students, for international students, the ISA believes that it's in position to better represent international students than the Students' Union. Although we acknowledge that UASU have done best in its ability to represent international students but at the same time ISA believe that only international students can best understand the needs of our diverse community and even as of today a majority of students don't see themselves represented by the leadership of UASU with majority of the elected candidates having no actual policy that they want to implement and support the international students. ISA has a vast elected council with an apt representation from various sections of international students and a board, it is for this reason that we ask Students' Council to see fit to exclusively delegate its representative authority over all undergraduate international students to the undergraduate council of ISA as given under Post-Secondary Learning Act.

The student body at the University of Alberta comprises more than 9,000+ international students (23% of the student body) and safeguarding the interests and concerns of this major section of the student body is exceedingly crucial. The ISA acknowledges this necessity and pulls out all the stops to advocate for the international students' community at the UofA.

The ISA believes in taking quick actions for international students in times of need. The ISA swiftly reacted to the changing situation in our university as COVID-19 was declared a pandemic and worked towards the interests of students by reaching out to the Dean of every faculty to change the grading policies to CR/NCR. The ISA also raised the concerns of international students living in University Residence amid the pandemic by reaching out to Andrew Sharman, the Vice-President of Facilities and Operations and Katherine Husing, the Associate Vice-President of Ancillary Services. Consequently, the Residence Services respectfully acknowledged our concerns and provided free relocation assistance to students who switched to other residential units. ISA

University of Alberta

INTERNATIONAL STUDENTS' ASSOCIATION

reached out to Edmonton Mayor and City Councillors after international students were excluded from ride transit program and held a direct meeting with ETS to advocate for our membership and safe guard their interests as a result, ISA was able to convince the ETS to allow international students' also to apply for ride transit program.

The ISA is not asking to take over complete membership of international students; rather, we are asking to be recognized as a Student Representative Association in order to achieve some semblance of recognition from external actors and organizations. The SRA status will enable ISA to directly advocate to the University of Alberta International (UAI) and hold them accountable to work for the betterment of international students and consider ISA is the representative of international students. Although not yet recognized as an official representative association, the ISA currently operates on a level unlike that of a student group, with 50+ directors/coordinators in seven departments of ISA and we continues to work vigorously for international students beyond just a normal 8am-5pm schedule and addresses the concerns and queries of international students one-on-one by operating on a 48-hour strict response and action policy. The ISA works with a positive attitude to learn about efficient modules that can be utilized for advocating for a major portion of the student body.

ASSOCIATION**

Bylaw 8100 of the UASU

According to Students' Union, bylaw 8100,

“Student Representative Association” shall refer to any association of undergraduate students that represents a definable and enumerable constituency, to which Students' Council exclusively delegates its representative authority;

Furthermore, as per Section 4 (Roles and Mandate) of bylaw 8100,

“The mandate of an Association is to act on behalf of and for its constituency. The Association is to conduct itself in a manner that is transparent, open, democratic, credible, accountable, and fiscally prudent. The roles of an Association are to:

- 1. Act as the official representative of its membership on student issues;*
- 2. Provide services which are beneficial to its membership; and*
- 3. Foster student engagement and a sense of community within its constituency.”*

Lastly, As per Section 8 (Recognition),

“Students' Council may choose to delegate its representative authority to any student association that wishes to advocate for its membership to the University or Students' Union, provided that:

- 1. The student association represents a definable and enumerable constituency.*
- 2. The student association has legislation and procedures that are compliant with Students' Union bylaw respecting Student Representative Associations and Student Groups; and*
- 3. The student association is registered and recognized by the Students' Union as a student group.”*

INTERNATIONAL STUDENTS' ASSOCIATION

We will explain in more detail on how ISA meets all the requirements and qualifies for the recognition.

Roles and Mandate

Act as the official representative of its membership on student issues.

ISA has always acted in a representative capacity for all international students at the University of Alberta. ISA has been active in filling all available student positions at various committees in Students' Union, university governance and advisory committees at various departments to make sure that international students' interests are safeguarded, and issues are raised. ISA has a permanent seat on the Council on Student Affairs (COSA) to raise international students' issues.

However, under the Post-Secondary Learning Act, the Students' Union has the exclusive, legislative authority over the administration of student affairs at the University. Thus, in order to better meet the needs of the students. The Students' Union created a framework for the creation of SRAs via bylaw. According to Discover Governance, "they [SRAs] are important because they understand and can advocate for the more specialized needs of smaller sections of campus." For ISA, we are currently already filling the role of one and our Council in all right spirits gives ISA the legitimacy to truly demonstrate the voice of all international students.

Provide services which are beneficial to its membership

In the current COVID-19 situation, all ISA's public engagement activities have been suspended due to safety considerations, but various ISA departments have been active in their operations.

Our Student Life Department has conducted various online engagement activities and we are active in organizing virtual games, meet and greets, Q/A sessions, etc.

Our Communications Department, is active in creating resource guides for international students such as financial resources guide, plagiarism guide, discrimination informative guide, welcome booklet etc.

Our Internal Department is working with University of Alberta International (UAI) to welcome new international students in Sep and working on creating online platforms for new students to connect with their fellow classmates and stay connected to the campus community even while doing remote studies.

The ISA Finance department is working with our sponsors to create more deals which benefit our community by saving money and supporting students financially.

INTERNATIONAL STUDENTS' ASSOCIATION

Our External Department has been active in working with Residence Services to make sure that international students are provided necessary support needed by them.

Our Academic department has been active in making sure that students know the campus involvement opportunities.

ISA with its mission to connect the entire international students' community is working on a 48 hours strict response and action policy.

Foster student engagement and a sense of community within its constituency.

ISA works closely with International Student Services (ISS) to host the welcome activities on campus for all new international students. We together work on events that help students to connect within their community and ISA provide suggestions/recommendations on ISS services for international students.

Apart from that, ISA also works closely with Students' Union Executives and Graduate Students' Association to timely raise student issues and together work on solving the problems. ISA hosted an SU Election Forum in CAB earlier this year to make sure that voices of international students are not suppressed and our issues are not ignored, the forum turned out to be a huge success and a great turnout of students. Student Engagement is the top priority of ISA and actively look into new ways to keep students engaged and at the same time help in their personality and social well being.

Recognition

The student association represents a definable and enumerable constituency.

The International Students' Association (ISA) by its creation has been formed to advocate for all the undergraduate international students at University of Alberta. Thus, our organization is made to better represent undergraduate international students upon demand by the international students to SU for the formation of ISA in 2013. Thus, ISA is formed as a result of a student movement on this campus against the injustice faced by the international students at the time of policy creation and fee increases. ISA have always stood true to its membership and timely represented them in University governance structures such as Council on Student Affairs (COSA) and in various other committees/meetings etc. Thus, ISA from the day of its formation to today is committed to represent a definable and enumerable constituency: that is the undergraduate international students.

INTERNATIONAL STUDENTS' ASSOCIATION

The student association has legislation and procedures that are compliant with Students' Union bylaw respecting Student Representative Associations and Student Groups; and

As per Students' Unions Bylaw 8100 and 8200, ISA is in compliance with current regulations. Attached to this submission are the legislatures of ISA. Our Constitution and Bylaws form our legislatures.

The student association is registered and recognized by the Students' Union as a student group.

ISA is a registered group with Student Group Services and is recognized by the Students' Union as a student group.

Conclusion

The ISA would like to thank the UASU Students Council for reviewing our submission. Moreover, we would also like to thank Akanksha Bhatnagar, Joel Agarwal, and David Draper for their support in preparing this submission.

Our President Chanpreet Singh and Vice President External Gurbani Baweja will be present in the council to provide any further information necessary to insure the substantiation of this proposal. We look forward to working with Students' Union on various challenges faced by international students' and stay committed to working toward strengthening our organizations' collaboration by sitting in cross committees and holding regular meetings to address the student needs.

**Constitution
of
the University of Alberta
International Students' Association
(UAISA)**

Preamble

The University of Alberta International Students' Association (UAISA) is an organization that aims to present a united voice and advocate for the entire international student community, while enhancing communications, sparking collaboration, and building relationships between Regional Students' Associations. The ISA will also serve as a support system and advocate for all international students at the University of Alberta and offer them a friendly environment that embraces diversity.

The ISA should be able to represent international students in an inclusive, equity, and efficient manner. We acknowledge the inherent difficulties in representing a diverse and varied international student community comprising of both graduate and undergraduate members. However, this legislature along with bylaws aims to set out a structure in which such differences can be mediated for effective representation.

The executive handles the everyday operations of the association, and the council oversees the rules of the association, sets the direction for the executive, and holds the executive accountable to student interests

ISA will make a united front for all international students by uniting all international students and creating a platform for them to discuss challenges faced by international students and address issues with a collective effort. The ISA's Councils are top decision-making bodies and in all right spirits give ISA the legitimacy to represent the diverse international students' community at University of Alberta.

We would like to respectfully acknowledge that our University and our Students' Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students' Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

PRESENTATIONS

AGARWAL made a Point of Information to make an amendment to the presentation order to first present the Academic Restructuring Presentation while removing the request for an in-camera order upon it and then presenting the Governance Restructuring Task Force presentation afterwards.

2020-11/2a

AGARWAL/DRAPER MOVED TO give a presentation on Academic Restructuring at the University of Alberta.

See SC-2020-11.12

CARRIED

AGARWAL delivered the presentation.

KRAHN/SARETZKY MOVED TO extend the time for the presentation by fifteen minutes.

CARRIED

BATYCKI inquired about what the impact of retaining faculty status would be on individual faculties.

AGARWAL responded by using the given scenarios to explain the impact of changing structure upon faculties specifically.

EINARSON inquired about how the restructuring group will prioritize the experience of students when considering the impact of these changes.

AGARWAL provided additional context on the experience of various universities that have gone through restructuring changes and the need to consider a multiplicity of perspectives in this process while being cognizant of pros and cons.

OLIVEIRA asked for elaboration on the process of combining departments in the proposed models.

AGARWAL responded by stating that there have not been thorough discussions at this time that have considered what would occur with departments in this restructuring process. Provided examples of what could be expected for departments with the different models.

HARIHARAN inquired about the tri-agency scenario and asked about the efficiency and logistics of what would occur through a merging of Science and Engineering faculties. Also asked for an explanation of “shared leadership” as mentioned in scenario three.

AGARWAL explained the cost-saving that would occur through administrative changes and the focus on retaining faculty autonomy with a merged approach between faculties. Stated that “shared leadership” between different units was based upon which faculty structures have been identified to correspond well together.

BOSE/KONRAD MOVED TO extend the time for the presentation by fifteen minutes.

CARRIED

CARBAJAL inquired about what would occur with services access for Augustana and spoke to correspondences that have been concerned with program cancellation at

Augustana.

AGARWAL stated that the maintenance of services for Augustana would be upheld in this process and that he will look further into concerns of program cancellation at Augustana.

BUCHANAN inquired about the preservation of faculty statuses and whether faculties will be internally shifted to a great degree and how will these divisions impact faculty governance structure as well as academic integrity maintenance at the faculty level.

AGARWAL recognized the need to maintain faculty autonomy and also a high quality of education, while exploring the potential of interdisciplinary connections between faculties. Stated that the ARWG is not looking at shifting governance positions from faculty representation. He is looking forward to continuing this conversation and stated that he is looking forward to receiving feedback from everyone.

2020-11/2b

AGARWAL/KRAHN MOVED TO present on the proposed Governance Restructuring Task Force (GRTF).

See SC-2020-11.11

AGARWAL delivered the presentation.

BUCHANAN asked for further clarification on the timeline for this task force.

AGARWAL responded by stating that the task force will decide on what its timeline would look like once it is set up.

DIXON asked for clarification on whether there are two different versions of the task force and whether the second group had representation from the Aboriginal Students' Council (ASC).

AGARWAL stated that the two different working groups will be dealing with specific concerns individually but they will also be interacting amongst themselves so that there will be communication and connection so that representation is present throughout discussions.

KONRAD inquired about whether it could be confirmed that Aboriginal representation will be present in topics relating to Aboriginal students and the thought processes behind consultation.

AGARWAL stated that a comprehensive review of all elements of the Students' Council will occur with the task force and that Indigenous stakeholder representation is a priority and that front-end consultation as an ongoing iterative process is vital.

DIXON inquired about whether different groups dealing with specific fields of

interest could be involved in this process, such as decolonization-focused stakeholders.

AGARWAL responded with the ideas that are being explored as potential opportunities to connect with various external stakeholders in this process.

2020-11/5 OPEN FORUM

PAWLUK to AGARWAL: Asked what steps the UASU will take to ensure that the restructuring process at the University of Alberta will not meet the same results faced by universities that have faced challenges.

PAWLUK to AGARWAL: Asked if the plan was to directly consult with the student body at large and, if so, what methods will be used to make that happen.

2020-11/6 QUESTION PERIOD

AGARWAL to BID: Inquired about when the video being produced in collaboration with the UASU Elections Office will be available publicly?

BUCHANAN to AGARWAL and KRAHN: Asked for clarification on the position of the Executive Committee on whether there is a mandate to proceed with action on the Myer Horowitz or whether it will be brought back to Council for approval.

BOSE to Executive Committee: Commended the Executive for their excellent work throughout their time with the UASU so far.

BATYCKI to AGARWAL: Inquired about whether there were any ideas as to the decision that the University of Alberta will be making for the state instruction for the Winter 2021 semester.

HARIHARAN to AGARWAL: Inquired about how the financial budget and financial aid for students will be handled in the different situations of academic and administrative restructuring.

BUCHANAN to KRAHN: Inquired about when they estimate that the proposal will come forward to Council to approve the Myer Horowitz project.

DE GRANO nominated VILLOSO - accepted
DHILLON nominated BRANDWEIN - declined
BID nominated BOSE - declined
BID nominated MONTEIRO - declined
KONRAD nominated KORDE - accepted
BID nominated BURHANI - declined

CARBAJAL gave a 1-minute speech as to why they would like to be appointed.

VILLOSO gave a 1-minute speech as to why they would like to be appointed.

KORDE gave a 1-minute speech as to why they would like to be appointed.

CARBAJAL is declared appointed to the Council Administration Committee (CAC) via secret ballot.

2020-11/7b **AGARWAL/BOSE MOVED TO** appoint two (2) representatives to sit on the Physical Activity and Wellness (PAW) Strategic Operating Committee.

See SC-2020-11.14

AGARWAL introduced the motion.

DRAPER nominated MONTEIRO - accepted
DHILLON nominated BADESHA - accepted
BOSE nominated DHILLON - accepted
DRAPER nominated DE GRANO - declined

MONTEIRO gave a 1-minute speech as to why they would like to be appointed.

DHILLON gave a 1-minute speech as to why they would like to be appointed.

MONTEIRO and BADESHA are declared appointed to the Physical Activity and Wellness (PAW) Strategic Operating Committee via secret ballot.

2020-11/7c **AGARWAL/EINARSON MOVED TO** recognize the Undergraduate Council of the University of Alberta International Students' Association (UAISA) as a Student Representative Association (SRA) under Bylaw 8100.

See SC-2020-11.06

AGARWAL made a Point of Information to change the language of the motion from "the International Students' Association" to read instead as "the Undergraduate Council of the International Students' Association" while keeping the rest of the motion the same.

AGARWAL introduced the motion.

BADESHA cited three reasons for not supporting the UAISA getting SRA status: the first being their convoluted governance structure, secondly, the historical issue of the inconsistent history of the UAISA in its operations which he worries may be a potential issue for the organization down the road, and thirdly, he stated that he is not able to ethically vote for the UAISA due to the fees that international students will bear in the long term. Does not believe that the authority and advocacy impact of the UAISA in its current form does not deserve SRA status. Stressed the point that the UAISA has not illustrated a proven timeline of being able to sustain its presence on campus and that this is an issue.

EINARSON provided personal experience with working within large groups and shared that larger groups might have a better chance of sustaining membership from year-to-year, which he sees is the possibility for UAISA. Stated that there is an

opportunity to continuously consult beyond this motion and make sure that the best suited people are doing the work that matters for international students, which he stated is the UAISA. Stated that lending this power to the UAISA is lending power to international students.

OLIVERIA shared that the UAISA becoming an SRA is important for the advocacy of international students but also stated that she has reservations with the convoluted and non-elected executive components of the UAISA governance structure.

DIXON echoed concerns with the governance structure and the longevity of the UAISA. Also stated concerns that the delegation of power from the international students to the UAISA governing structure faces extremely valid concerns such as that of funding and the previously discussed representation issues for refugee students. Stated a need to hear from more international students.

LEY/BUCHANAN MOVED TO extend the discussion by fifteen minutes.

DE GRANO explained that she truly believes that international students deserve an SRA and a model of governance that advocates for their needs but cited concerns that there are issues with the accountability structure with the executive body of the UAISA.

VILLOSO stated that the work of the UAISA is important but shared that in its current form, there are multiple issues that need to be addressed before the UAISA can gain SRA status.

FOTANG echoed concerns that have been shared by other councillors. Shared examples of the issues that the un-elected executive committee poses for accountability. Also shared examples of how the current model of the UAISA does not meet certain standards set by gaining SRA status.

BID shared sentiments on how the UAISA works hard to represent international students and gave examples of the UAISA's work. He made an argument for the simplicity behind the apparent complexity of the UAISA. He clarified the election process and provided a detailed timeline of the work that has gone into the UAISA and in connection with international students. He also explained the impact that this motion would have upon international students depending on what happens with this motion.

CARBAJAL shared the personal experience of working with the UAISA on their structural concerns and spoke to the need for more consultation with international students rather than simply seeing this motion as an approving or disapproval of UAISA as a whole and its work. Recognized that international students' needs do deserve representation and the UAISA has been doing this work, which should be accounted for when voting for this motion and the work that the UAISA should be

doing continuously.

BOSE stated that the UAISA has worked tremendously on advocating for international students and that it would be great to see the same sort of sentiment shared by UASU on a stronger level by its representatives, not only during election periods but year-round. Shared sentiments on the necessity to recognize the work and need for the UAISA to exist as an SRA and provide necessary services for students. Recognized that while this proposal may not be perfect, it is the best medium for international students that currently exists.

DIXON shared that UAISA does incredible work but there is a need for constructive criticism. Stated that no matter what happens with the vote today, UAISA will be able to continue to do its incredible work and that any concerns held by councillors should be considered when they vote towards this motion.

KRAHN/EINARSON MOVED TO suspend standing orders.

LEY shared recognition for the immense work of the UAISA and that any criticism of the work of the UASIA is made with recognition of the great deal of work that has been done by the organization in a short period of time while recognizing that the short time that the UAISA has been active has not allowed for a proven example of the UAISA to be sustained in the form that is being proposed. Echoed the concerns that more time is needed for the UAISA to review its structure and that whatever is decided tonight will not change the level of support that international students deserve and will not change the ability of the UAISA to advocate for international students.

AGARWAL shared sentiments regarding the need for more time to discuss this matter

AGARWAL/BUCHANAN MOVED TO table this motion to another Students' Council meeting.
