- 2004-09/7 QUESTION PERIOD
- 2004-09/7a **KNISELY** - Mr. President: There is a \$60,000 grant budgeted in 500-6425-000 that appears to be a perpetual contribution. It was suggested to me today that that money was somehow related to Students' Council, which leads me to suspect that it was mistakenly left over when part of the 500 budget was severed and placed into the new 505 Students' Council budget. What is the source of this money, and is it allocated properly?

2004-09/7b

SAMUEL – Question for the Vice President External: Alberta Learning has recently (July 27th) announced the names of the appointees to the new Campus Alberta Quality Council (CAQC), a body that has been “established to review proposals from post-secondary institutions that wish to offer new degree programs.” Did the government feel it necessary to consult the SU or CAUS on these appointments?

ABBOUD - Alberta Learning did consult CAUS both as a part of their Bill 43 consultations and some more specific ones leading up to the creation of the Quality Council on composition and mandate. The government decided early on that the committee would be comprised almost exclusively of experts, and chose to look more to the institutions, both university and college, for membership. CAUS does have policy that there should be student representation on the Quality Council and of course we are disappointed that those concerns were ignored but outside of that concern, the Council appears to have a good roster and an outstanding chair, former U of A Provost and Vice-President Academic Dr. Doug Owsram, and we are looking forward to working with the Quality Council.

2004-09/7c

SAMUEL – Question for the Vice President External: The CAQC looks like it will be playing a significant role in the degree-granting process. This means that transparency will be of the utmost importance. Also, it appears that the Council will be meeting fairly soon to “establish the conditions and standards institutions must meet to be approved to offer degree programs.” Do we know if either CAUS or the SU will be granted observer status for meetings of the CAQC? Failing that, will the meeting minutes at least be made available?

ABBOUD - The Quality Council has yet to decide much of anything, but I have been in contact with the chair, Dr. Owsram and I am looking to secure exactly that, a non-voting observer spot for CAUS. I would be happy to keep Students' Council up-to-date on those discussions.

2004-09/7d

SMITH – Question for the Executive Committee: A Valued Constituent recently brought to my attention the fact that "minutes" of meetings of the Student Groups Committee include no rationales for the committees decisions, only formal motions and the votes on them. Why is this?

Response from Alvin Law, Vice President Operations and Finance.

Please see document SC 04-09.05

2004-09/7e

SMITH – Question for the Executive Committee: On the subject of rationales for decisions of the Student Groups Committee, I note that the Vice President (Operations and Finance) voted against a successful motion to deny funding to the Students for a Democratic Alberta. I am wondering if the Vice President could

(a) briefly explain the nature of the group in question's request;

(b) briefly explain, to the best of his ability, the committee's rationale for denying this group's request; and

(c) briefly explain his rationale for opposing this motion.

Response from Alvin Law, Vice President Operations and Finance.

Please see document SC 04-09.05

2004-9/7f

SMITH – Question for the Executive Committee: At the July 27 meeting of Students' Council, the Vice President (Operations and Finance) noted that he had found a "surplus [Video Information Display Systems] TV".

(a) Given that the Video Information Display System has been of no measurable use since September 11, 2001; that the monitors have not even been turned on since May 1, 2002 and likely much earlier; and that an Executive Committee that had previously staked considerable political capital on the system being made useful failed for an entire year to find a way of making it useful, what is the distinguishes this "surplus" TV from any of the ones up around SUB?

(b) Given [re-insert lengthy preamble from (a), in the event that the Room At The Top requires additional replacement TVs, will these be taken from the surplus TVs presently making up the Video Information Display System?

(c) If the answer to (b) is no and/or the answer to (a) is something other than "nothing, really, except that the surplus ones around SUB are mounted to the ceiling", does the present Executive Committee have any plans to bring the Video Information Display System into a state of usefulness?

Response from Alvin Law, Vice President Operations and Finance

Report for Students' Council
Jordan Blatz
President
August 10, 2004

Good evening Council,

I will be at council tonight following my class (I should be there about 6:45pm or so). I am pleased to report that this is the last time that I will need to be late for council due to my class. Thank you again for your continued patience.

The following is a list of things that I have been working on since last meeting:

1. **Augustana-** I received funding from the University to hire an Augustana Transitions Coordinator. We posted the position and hope to hire someone for this position soon. We also received funding to facilitate travel for the merger as well as Augustana representation that we have on council for the next year. This is truly fantastic news.
2. **Provincial Election Strategy** – We have continued to meet to discuss the upcoming provincial election. I also met with Susan Green, Vice President (External Relations), Sandy Haydu, Karen Wichuk, and Deborah Holloway to discuss the Universities plans for the provincial election. We discussed the potential for collaboration between the Students' Union and the University; however, we didn't come to any concrete agreements. Nonetheless, this meeting was still very useful as we were able to bounce ideas off of one another.
3. **Dewey's** – I had a meeting with Bill Connor to finalize the Dewey's issue. I have since received written confirmation from the University that they accepted the terms of the letter written by Alexis Pepin and myself. We are now free to pursue the re-signing of a lease for the Power Plant. I have instructed Bill Smith, our General Manager to pursue a new lease and I will update you on this in the near future.
4. **Celebration** – I have spent a lot of time working on the celebration over the past few weeks. I met with Adam Rozenhart, Editor-In-Chief from the Gateway to discuss the event. He really liked the idea and made a commitment to cover the event before and after as a news story. Unfortunately, the Gateway will not officially sponsor the event as they have a policy against sponsoring political events. I have also had a lot of discussions surrounding the event with different members of the University administration. I have heard nothing but positive feedback and excitement and I hope to hear shortly from EPC on official University support for the event. I am also continuing to search for speakers, as some of the ones I originally asked will not be able to attend. If you have thought of any suggestions, please let me know. I will be meeting shortly with Tom Keating, President of AAS:UA and Joy Correia, President of NASA to discuss the celebration.
5. **Mealcard expansion** – A lot of progress has been made in the past few weeks on expanding the Mealcard to Students' Union owned and operated businesses, as well

as with our tenants. We have reached an agreement with ARAMARK and Ancillary Services and we are working on some finishing details that will make this a reality. More on this to come.

6. **CCSA:** The executive and I have spent a considerable amount of time discussing some issues that have come up lately surrounding the location of CCSA 2005. We are trying to offer a voice of reason and to help facilitate a solution to these issues, so that we can ensure the future success of this very important conference.
7. **Other meetings/events:**
 - a. Academic Planning Committee
 - b. University Budget info session
 - c. Meeting with Dima Utgoff and Randy Maus from Ancillary Services to discuss SU initiatives for the upcoming year and how they may involve residences.
 - d. Bookstore Business Case Meeting
 - e. Meeting with Michael Horler to start planning my Presidential Address for Orientation
 - f. Meeting to work on SU Undergraduate Survey
 - g. Meeting with Rob Anderson from Democracy Now to discuss a potential Provincial leaders debate on campus and an on-line Independent.
 - h. Meeting to talk about the job description for a Campus Campaigns Coordinator (CCC).
 - i. Meeting with David Bruch and Don Hickey to discuss space for the Campus Food Bank and student representation on Ancillary Council.
 - j. Presidential Search Committee. Please email me if you have any questions.

That is all for now.

**Alex Abboud, Vice President External
Report to Students' Council
August 10th**

Submitted August 5th

Democratic Convention

At the Democratic Convention in Boston last week, the party formally nominated John Kerry for President, and John Edwards for Vice-President. This may or may not affect our policies regarding FTAA and GATS.

CAUS

I've conducted three radio interviews in my role as CAUS Chair over the last week and a half, all regarding CAUS' press release in response to a recent StatsCan survey that shows that parents aren't saving enough (or at all) for their children's education. The interviews have been with 630 CHED (Talk Radio in Edmonton), QR77 (Talk Radio in Calgary) and CJSW (University of Calgary). I focused mostly on the high cost of education in this province, and the undue burden on parents expected to be able to save money, especially how this is reflected in the Student Loan program.

I've been working with Jason Rumer (CAUS Vice-Chair) to complete the performance review for our Executive Director. We'll be meeting Friday to finalize our recommendation, to be presented to the membership at our meeting on August 8th.

We have a meeting on the 8th, then a presentation to the Standing Policy Committee on Learning on the 9th. We'll be giving a similar presentation to the Liberal Caucus later that same day. I've been working with Jason and Duncan to finalize our presentation for SPC.

External Affairs Board

We met for the first time in nearly a month last Thursday. We discussed ideas for the provincial election campaign, and for issues to talk about with candidates in the upcoming municipal election. Additionally, I had the opportunity to bounce a few ideas off the board members regarding the tuition campaign. Our next meeting is scheduled for August 12th.

Senate

I attended a meeting for the Senate Internal Affairs Committee. We decided on recipients for awards to be presented through the "Beyond These Halls" program. Additionally, I've been in touch with the Senate office to work on a formal proposal for the Senate Task Force on the Student Experience. I'll be meeting with Senator Heike Juergens, Alumni Association Representative and Vice-Chair of the Senate on Friday the 6th to further develop the proposal.

Meetings

- U of A Budget Presentation (July 29th)
- With Jordan, Erin, and Mike - Rob Anderson from Democracy Now and The Independent, to discuss ideas for hosting a Leaders' forum on campus, during the Provincial Election. (August 3rd)
- With the rest of the SU Exec, as well as Dan Costigan - ATL, to work on the SU Survey. (August 3rd)
- IRB, though I had to leave after 30-40 minutes. (August 3rd)
- Jordan and Erin to develop a job description for the Campus Campaigns Coordinator (August 4th)
- With Ariana - Tracy Salmon from the Alumni Association (August 5th)

Upcoming

- CAUS Meeting (August 8th)
- SPC Presentation, presentation to Liberals (August 9th)
- External Affairs Board (August 12th)
- Meeting with NASA Executive (August 18th)
- Minister Dave Hancock (August 19th)

Report to Students' Council
August 10, 2004
Alvin Law – Vice President (Operations & Finance)

Dear Members of Council

So after completing the big rush of budgetary stuff and their related things, I'm finally finding some time to examine my role in this organization and become acquainted with the daily grind. Seeing how we all love grinds, I'll share with you my "almost" everydays and some not so everydoings.

Access Fund: I chaired my very first and the very first Access Fund meeting of the new board on Wednesday. We introduced the fund to many of the new board members, reviewed the budget, publicity plans, goals for the new board, and dealt with some changes to policy.

APIRG: Had another APIRG meeting where we made a final decision on a controversial \$25000 loan request. We also looked at the proposed budget which was sent back for some revisions. We also got updates on what APIRG staff have been up to, and updates on working groups.

Bar Revit: Menu descriptions have finally been finalized and they are in the process of having their layout designed. Programming has been pretty much finalized and we are somewhat ready to implement. We've been on the line with many companies in regards to sponsorship. Some aspects are looking good, some aspects still need some work. Many of the details are being worked on now. Dance floor dimensions, placement, setup, logistics of daily operations, etc. Same drill.

U of A Budget: Went to a meeting in U-Hall where we were presented with the U of A budget and had the possibility to ask questions. The presentation was presented by Phillip Stack, the Director of Resource Planning.

Undergrad Survey: Have had several lengthy meetings with both the Exec and ATL to sort out details and timelines regarding the survey. We were briefed on many of the minute issues such as the proper process for ethics approval, methods of printing and scanning, data entry, sample sizes, etc. Questions have been posed and they are in the process of being filtered and reworded so that they are appropriate to put on the survey.

Happy 30th Anniversary!

BOG Rep Report to Council – August 10, 2004

Dr. George and Halyna Kotovych
August 10, 1974 – August 10, 2004

Happy anniversary, Мамо і Тату! I would never be where I am today without everything you've given me over the last 24 years. I love you both. На здоров'я!

Your son,

Roman Kotovych
Undergraduate Board of Governors Representative

In Response to Councilor Smith's Questions:

- 1) Looking into this matter, I realize that I have made a mistake in the assumption that full word for word minutes were not needed for this meeting. Having only been exposed to one student groups granting session, I was unaware of the importance of having minutes due to the lack of consistent minutes in other committees. I was not the chair of this committee which further compounded my assumption that I was not directly responsible for the administration of the meeting. I realize my oversight now and ensure you that I will take action to make sure proper minutes are taken in the future.

- 2a) The request was for a \$750 Event Grant for "Students For a Stronger Alberta" in order to hold a Provincial Leaders Debate. The event is to take place at the Myer Horowitz theater pending the call of elections.

- b) Under my observations of the meeting, the committee was uncomfortable granting the money to this student group since it seemed that they would be holding an event that would be a repeat of what the Students' Union has planned to do, constituting an inefficient use of resources. It was uncertain at the time if the group had already partnered with the SU to hold this event or if the event was to be held independently from the SU. Concerns were raised about how successful a student group would be to garner speakers and whether this would be an event more appropriate for the SU as a whole to embark on, instead of a single student group. During the questioning period, Rob Anderson had noted that he had been in talks with Jordan Blatz for a discounted rate for the theater and a possible partnership. To the committee, it seemed inappropriate for the student group to be garnering funding from two sources within the SU. I am under the impression that the motion to decline the application passed for these reasons. I invite any councilors who sit on the committee to correct me if I am wrong.

- c) I opposed this specific motion because I did not want to decline it without confirming what Mr. Anderson had stated. While Mr. Anderson was being questioned, I was given the distinct impression that the SU was already involved in this event and I had wished to table it until I could confirm that with Jordan. I made this known to the committee that night and had attempted to call Jordan for information regarding our involvement. Being unable to contact the president, I had voted against declining the motion outright due to the lack of information.

- 3a) I used the term "surplus" to refer to TV's that I found in storage. They were likely units in need of repairs, taken down from certain locations for a reason or other, or possibly TV's that were used in the control room. I had found 1 working unit, and 2 non-working units. It was this single working unit that I am planning to use to replace one of the TV's in RATT. I thought with this TV, just sitting in storage, I would put it to better use. I do not consider the TV's already mounted around the building to be "surplus" until a decision has been made to scrap the current VID system.
- b) In the event that RATT does require additional replacement televisions, the situation will be assessed and decisions will be made at that time. The decision will depend on a number of factors, including the result of further research relating to VIDS. Possibilities relating to an event such as this include: replacement TV's from VIDS, the contingency fund, or capital requests in the upcoming year. At the moment, there is no definite plan to use VIDS TV's to replace those in RATT.
- c) After finishing with the budget, one of my priorities will be to embark on research of our current infrastructure and alternate possibilities to the system. I am in the process of examining why it would cost the quoted \$30 000 to bring VIDS back to operational status and if there are alternatives. Based on research that I will be doing, it may be possible that either the current equipment will be salvaged and used to build a newer more effective system, the current system may be scrapped entirely for a different system, or all equipment related to VIDS will be removed and no replacement will take its place. This decision is pending further research and an analysis of the cost/benefit relationship of implementing a replacement.
