c) ensures tuition levels are predictable;
d) has as its primary indicator the ability of individual students to pay without having to accrue the burden of debt;

e) provides for the fact that tuition is only one of the costs when pursuing a postsecondary education;

f) ensures that no student will ever be denied the opportunity to pursue a postsecondary education because of their inability to pay.

That the University of Alberta Students' Union advocate to the Government of Alberta to legislate a policy on tuition fees that:

a) provides strict guidance to an institution's ability to set tuition, including a annual and ultimate limits on the maximum amount of tuition fees that can be levied on students; and

b) requires post-secondary institutions to provide to the Board of Governors of the institution, the Auditor General of Alberta and the Minister of Advanced Education a detailed and verifiably transparent public plan on how additional tuition revenues will be spent.

Student Groups Restructuring Initiative
Final Report and Recommendations
Compiled and Written by: Liz Bolivar

Executive Summary

The emergence of ***"Dare to Discover: A Vision for a Great University"*** has highlighted the University's desire to provide an "exceptional and life-changing university experience for students". Student groups are a large component of student life, and thus must be properly supported by the UofA. The concerns about the current Student Group system have been voiced by a variety of stakeholders, including employees of the Student Group Services Office, representatives from involved University departments, and other representatives from within the Students' Union (SU). In 2005-2006, an initiative was begun to address these issues. It was found that the project would require a time commitment beyond what the current staffing would allow. Before the year-end, a proposal was put forward to create the temporary position of the Student Groups Initiatives Assistant in the Office of the Dean of Students (DS). This individual was to work part-time to initiate the complete review of the Student Group Structure, and to research the structures implemented at other North American institutions. The project was to conclude with an official report detailing recommendations for a revised Student Group Structure.

Recommendations

Recommendation #1: Redefine the roles of the student group stakeholders to encourage each to take an active role in the student group system. This involves a shift from the term 'stakeholder' to 'partner' with all members held collectively responsible for the success of the system.

Recommendation #2: Create a Student Group Board made of up representatives from each of the organizations and departments who are members in the student group system.

Recommendation #3: Shift the registration system from the SU to the DS so that DS will become the sole registrar of all student groups.

Recommendation #4: Allow the DS to retain the ability to delegate authority to approve and monitor groups to other organizations as they see fit. A policy outlining the procedures these organization are required to use should be drawn up by the DS prior to implementation.

Recommendation #5: Between the DS and CR, explicitly define the relationship between the two departments. Below are two recommended options for this relationship
   1) Apply the ability of DS to delegate the authority of registering student groups to the CR situation, with a key difference; CR would not operate independently from DS, rather would be seen as a specific category of groups with specific requirements.
   2) Remove the governance of CR activity clubs from the student group structure altogether. CR groups would be registered and overseen independently from the DS and would constitute a separate system.

Recommendation #6: Create a mechanism for the registration of Faculty specific groups and place it into University policy.

Recommendation #7: Incorporate certain RM functions into the DS, if resources are adequate.

Recommendation #8: Form operating policies, procedures and guidelines for all departments detailing their interactions with student groups.

Recommendation #9: Ensure all active partners of the student group system are given adequate access to the student group database.

Recommendation #10: Create a system within the DS where the SU and the GSA are notified if a group is interested in affiliating with them in order to assist them in providing benefits to their groups.

Recommendation #11: Change the online registration form to an online application for registration and create different forms for different categories of groups.

Recommendation #12: Require all groups applying for registration status to submit a written proposal detailing their planned activities for the year.

Recommendation #13: Create a categorization system for student groups in order to facilitate the provision of appropriate support and regulatory structures that responds to differing student group roles.

Recommendation #14: Create an appropriate risk level system through cooperation between the DS and RM.

Recommendation #15: Create a single reporting structure for the SU student group service Director, where they report directly to the Manager of Student Services only.

Recommendation #16: Create a permanent staff position within the DS to run the administration and registration of student groups.

Recommendation #17: Maintain and fill the Fraternity Advisor position and encourage that individual to take an active role in the operation of fraternities through relationships with their international organizations, and through involvement with the IFC and PHC.

Recommendation #18: Continue cost sharing in areas where there is mutual benefit for the University, the SU and/or GSA.

Recommendation #19: Create a comprehensive Student Group Policy that is supported and enforced by all partners of the student group system.

Recommendation #20: All active partners of the student group system review the minimum group requirements and recommend changes to ensure consistency.

Recommendation #21: Incorporate a Student Development Model into the requirements for all University groups.

Recommendation #22: Change the name of SGS to a name that more specifically relates to SU affiliated groups.

Recommendation #23: Create a mandatory Student Group Orientation with the purpose of disseminating information to groups and orienting them with the responsibilities of running a student group at the UofA.

Dear Mr. Cunningham,

As per our recent conversation, I would like to outline the steps that APIRG takes to ensure the privacy of students who opt out of the APIRG dedicated fee.

1. When a student comes in to the APIRG office to have their opt out processed, the opt out form is filled in and signed by an APIRG staff member. The form is then placed in a lock-box in the filing cabinet. It should be noted that only voting board members and staff members have access to this filing cabinet and the lock box.

2. At the end of every opt out period, an APIRG staff member compiles an "opt out list," which is an Excel spreadsheet containing student ID numbers, the amount of cash disbursed to each student and the term out of which the student has opted out. No names appear on this list. This spreadsheet is password protected, as is the staff account in which the file is kept. The hard copy of this list is kept in the filing cabinet. Once this spreadsheet is compiled, hard copies of opt out forms are destroyed.

3. At the end of each fiscal year, the abovementioned spreadsheet is deleted from the computer files and the hard copy is shredded. The only record of opt outs kept from year to year is a running tally of the number of students who have opted out and the amount of money disbursed to students.

4. As we explained, only APIRG board and staff members are allowed access to these ID numbers. This complies with the Alberta Societies Act Section 36.1(2), which states that: "a society may disclose the register or an annual list of members or an excerpt of either or both of them to a member of the society only if the information contained in the register, list or excerpt is to be used by the member for matters relating to the affairs of the society." Additionally, all those with access to this information have signed confidentiality agreements.

Access to this information is necessary in order to identify our membership, to determine who qualifies for APIRG funding and resources and for voting positions on the APIRG Board of Directors. While not accessed frequently, this list is an important part of the day-to-day functioning of APIRG.

If you have any further questions, do not hesitate to contact us.

Sincerely,
Christopher Alderson

Hi Council. Long Time No Speak.[1]

I'm going to pre-report the month of April now.

In the coming Weeks, I hope to
- Renegotiate the Bearscat Memorandum of Understanding
- Complete Negotiations with the University to renew our Information Exchange Agreement
- In conjunction with the Director of Student Group Services, approve a provisional faculty Association for Arts and either a probationary or a full-fledged faculty association for Native Studies
- Vote on the extension of the consolidated exams pilot project in GFC Executive
- Have the last meeting for the year of the Bookstore Advisory Group and discuss plans for the summer and next year
- Meet with some of the acquaintances I have made around the University to finish up some ongoing chits and chats
- Write a disgusting number and volume of reports and transitional documents
- On a related note, transition the incoming VPA without making his head explode[2]
- But not so well that I can't beat him at acronym bingo
- Complete documents/research/follow-up/documents that I have promised to provide for the following
    - Olive Yonge (on the University's grad studies information available online)
    - ASCSOS (on GFC policy)
    - Professor of the Week (final report)
    - Advisory group on teaching quality (a list of preferred NSSE indicators)
- Have food or coffee with my AVPA to go over our year
- Write my last ever Council report (no, not this one. Close though)
- Hold final meetings for ARG and COFA that go well
- Not screw up Awards Night
- Attend my last run of GFC meetings as VPA
- Attend my last run of non-GFC University meetings (there are at least 3 scheduled, but possibly more)
- That's pretty much it.

Stay tuned for our final broadcast day.

---

[1] The last report I wrote for you was finished less than 48 hours ago. Yay bureaucracy.
[2] Seriously. He has *a lot* to read. It could happen.

Hi Council. Long Time No Speak.[3]

Here's what I'm up to for the month of April:

In the coming Weeks, I will:
- Be holding a finale event at the Alberta Legislature for our postcard campaign – the 500-foot long postcard campaign finale! Over the past year, we've collected 500-feet worth of postcards calling on the provincial government to fully-fund a tuition rollback to affordable levels, create more non-repayable grants in the place of student loans, and increase funding for undergraduate learning on our campus. We will be leaving SUB Stage at 10am and walking over to the Legislature event at 11am. We need volunteers, so come out! Email me at vp.external@su.ualberta.ca to volunteer and RSVP! Thanks!
- Complete negotiations with the University on U-Pass contract and administration
- The Provincial Budget will be released on April 19. I'm planning to be at the Legislature to watch it happen[4]
- Have meetings with Minister of Municipal Affairs & Housing Ray Danyluk and Minister of International Affairs, Intergovernmental Relations, & Aboriginal Affairs Guy Boutillier[5]
- Plan CAUS Changeover Conference – set for May 10-13 in Canmore
- Attend Public Interest Alberta's annual conference – Changing Alberta: Pursuing the Public Interest – on April 13 & 14
- Watch the VPA write a disgusting number and volume of reports and transitional documents[6]
- On a not so related note, transition the incoming VPX without making his head explode[7]
- Have food or coffee with my AVPX to go over our year
- Not completely screw up in my presenting an award at the SU Awards Night
- Attend interviews to chose next year's EPIO
- Write my last ever Council report
- Hold final meetings for CPAC and EPC that go well
- Attend my last Senate meeting as VPX on April 13
- Attend a University Budget Advisory Committee meeting on April 4
- Stay tuned for our final broadcast day.

---

[1] The REAL VPX
[2] This report format is unapologetically plagiarized from the VPA report
[3] But doesn't it just feel like we were together last week? Oh wait…
[4] I might bring Sam along
[5] Part of my duties as high overlord of CAUS
[6] Mwahahahaha!
[7] Dollansky is a smart kid, but I gave him a 5-inch thick binder to read. Seriously.
