Council Chambers, University Hall**

We would like to respectfully acknowledge that our University and our Students' Union are located on Treaty 6 Territory. We are grateful to be on Cree, Dene, Saulteaux, Métis, Blackfoot, and Nakota Sioux territory; specifically the ancestral space of the Papaschase Cree. These Nations are our family, friends, faculty, staff, students, and peers. As members of the University of Alberta Students' Union we honour the nation-to-nation treaty relationship. We aspire for our learning, research, teaching, and governance to acknowledge and work towards the decolonization of Indigenous knowledges and traditions.

Hi Council,

September is almost over! What a great first month! Hope everyone is enjoying the beautiful fall campus and rocking their courses.

Municipal Elections

Advanced satellite polling stations will be in SUB Atrium all day on Oct. 12. There will be a full social media, poster, and pamphlets campaign leading up to the day. Make sure to share, vote, and encourage everyone to get involved with municipal politics!

Don Iveson Chats with Students at Election Year

Election Year: Meet Your Council Candidates during Gowweek was a great success! We had attendance from over a dozen candidates from wards across the city! Over one hundred persons filtered through the event over that time, and from engagement we've seen at other municipal level events, that was fantastic. A special thanks to all of the councillors who came and asked engaged questions and the event staff for being so accommodating.

We will be sending out municipal advocacy briefings to all of the candidates, in all of the races, this Friday. If anyone is interested in our municipal advocacy, please feel free to reach out, and I'd be happy to go over our current positions.

Edmonton Student Alliance (ESA)

President Banister and I attended a ESA meeting on the 26th at NAIT. Notably we discussed future advocacy goals for the ESA and introduced the Concordia GSA as a new member. The ESA now represents nearly 100,000 students across Edmonton, an amazing accomplishment.

Senate Plenary

I participated in the first University of Alberta Plenary session of the year on Monday. I presented the UASU Executives goals for the year, the goals of the UASU itself, and a state of the union report. Overall Senate was very interested in the student perspective and I look forward to a year with some amazing people. I also sat on the Senate Honorary Degrees Selection Committee and was thrilled to review some amazing candidates.

Green and Gold Day & Pep Rally

VP Paches and I both MC'd the Green and Gold Day Pep Rally! Was really exciting to see so many pumped up students! The entire team took part in certain Green and Gold activities and overall was a fantastic celebration of the University of Alberta.

That's all folks!

Cheers,

Reed Larsen

Re: Report to Students' Council

Dear Council,

It's been a busy few weeks but I'm excited to be here once again to tell you about all the wonderful things going on within my portfolio. If you have any further questions do not hesitate to contact me as I would love to chat.

ACCESS Open Minds Launch

I've attended the ACCESS Open Minds Launch and it's truly a step in the positive direction for the University. The entire project does research on mental health as well as provides community brokers to guide individuals through the health care system to ensure they get the best mental health treatment during their time on campus. We are the only post-secondary institution engaging in this project and it provides an additional layer of mental health support. I sat on a panel following this event to explain the student perspective on mental health and how important mental wellness is in the scope of university.

Campus Activities Board

The Campus Activities Board is launching this upcoming week, we have an application for students at large if any of you are interested or know anyone right here:

<https://www.su.ualberta.ca/events/involved/cab/>

Mental Health Grant Review

We've been working closely with the Dean of Students Office to review the Mental Health Grant, and will be working collaboratively for years to come to ensure students have the best access and that we are using the government dollars to enhance our services to the best of our abilities. There have been many productive conversations and I am excited for the direction we are headed towards.

Welcome BBQ for Refugees

The executive and I attended a BBQ welcoming refugee students to the University of Alberta. WUSC is a great DFU and I am proud to stand by students contributing to this DFU to ensure that many great students get the opportunity to come and learn at the University of Alberta.

Green and Gold Day

I truly love seeing the colors, the parade and the hype on campus for this wonderful day. The weather was not optimal but it was a privilege participating in the Green and Gold Pep Rally and seeing everyone out at the parade!

RAC and RBAC

Have had both Residence and Residence Budget Advisory Committee meetings in the past two weeks, looking at residence issues and seeing how we can improve as a community to ensure we provide students the best services and prices.

Campus Law Review Committee

GFC Committees are back in swing and the one I sit on is the Campus Law Review Committee, this committee oversees the conduct portion of many procedures and policies put in place. I'm excited to do some great work on this committee for the year to come.

It's been an incredibly busy couple of weeks but there is still much to be done. I am excited to keep working for seven more months to ensure I get as much done as I can while I am in my role. My office hours are 4-5PM on Thursday at RATT, so come on by and chat with me about really anything. I'd love to hear from you guys!

Until next time,

Ilya Ushakov

Council Report

Hello Council,

First of all, my apologies that this report is not formatted in its usual fashion or on the regular letterhead. I am writing this report from home as I have been a bit under the weather lately. I can't believe September is already over! It's been a busy few weeks since our last meeting so I will jump right in.

Student Group Meeting

VP Ushakov, many SU staff, and I met with representatives from the Dean of Students to further discuss the proposed changes to student group policy and procedure. It was a productive meeting and much time was spent discussing the "Risk to Reputation" definition. Thank you to all the councillors who asked insight questions during the related presentation to council.

City Councillor Mixer

First of all, a big congratulations to VP Scott for organizing such a successful GovWeek! If you haven't already gotten a chance to do so, please fill out the survey that VP Scott has been circulating. I very much enjoyed the mixer that VP Larsen hosted for city council and mayoral candidates! I had the opportunity to chat with almost every candidate present and discuss issues that matter to students.

Provost Meeting

VP Scott and I met with the Provost, Steven Dew, in our monthly one-on-one meeting. It was productive and we discussed upcoming University issues. VP Scott and I are still working with the Office of the Provost to find a time to come to Dean's Council to present on student representation. It has become clear to us that there is a varying level of understanding from Deans on the role of student representatives, which is something VP Scott and I hope to clarify. We also discussed the Peter Lougheed Leadership College, including its future here at the University.

Welcome BBQ for Refugees

The executive and I attended a welcome BBQ for new refugee students. It was a great event to attend and neat to learn more about the process of welcoming particularly Syrian refugees to campus.

UCP Debates

VP Larsen and I have been closely watching the live-streamed debated for the new United Conservative Party leader. During these we listen carefully to any mention of post-secondary or youth issues. It will be interesting to watch the leadership election continue to unfold.

CAUS 30th

I am continuing to work with Josh, the interim director for CAUS, to plan the CAUS 30th anniversary celebration. Next week VP Larsen and I will be traveling down to Calgary for a CAUS meeting where I hope to get more of those details worked out.

Alumni Cap n' Gown Ceremony

I had the great privilege of attending an alumni celebration in the old arts building where graduates from the class of 1967 received a medal. It was very interesting to hear about student life back in 1967 and many of the recipients were thrilled to be commemorated.

Bears Hockey

VP Paches, VP Scott, and I attended the Bears hockey game last week! It was a very full arena and we were happy to support our varsity athletes.

Canada 150 Park Opening

In celebration of Canada 150, the University has donated a small park to the community on south campus. VP Larsen, VP Paches, and I attended the opening launch. Although I am generally critical of Canada 150, I thought the celebration was well done and the community was obviously very happy to acquire this space.

GFC

Last week, VP Ushakov, VP Scott, and I attended a rather spicy General Faculty Council meeting. There was lots of debate on the proposed research looking into USRI's (the tool used to give professors feedback at the end of the semester). I'm sure VP Scott can provide more insight into this issue in his written and oral report. I also presented the SU's goals at this meeting.

Alumni Awards

VP Larsen, VP Paches and I attended the Alumni Awards event in the Jubilee auditorium. It was a packed house and I really enjoyed listening to the various stories of the award recipients. The U of A sure has some amazing alumni!

ESA Meeting

VP Larsen and I attended an Edmonton Student Alliance meeting last week. It was a productive meeting where we discussed adding a treaty recognition to our meetings, the upcoming municipal elections, as well as added another member to our organization - the Concordia Graduate Students Association.

CSSA Gala

This weekend, VP Paches and I will attend the Chinese Students' and Scholars Association's annual gala. We are very excited to support this event which happens in the Myer Horowitz Theatre!

BFPC and BLDC

I had a Board Finance and Property Committee meeting, as well as will have a Board Learning and Development Committee meeting. At the BFPC meeting we received an interesting presentation on deferred maintenance. At the BLDC meeting I will be presenting on the SU's goals.

Thanks for reading my report! Happy to answer any questions you might have.

Marina Banister

UASU President

Report to Council on Councillor Attendance

As per Bylaw 100 Section 21(4), I have provided the attendance information for the Spring/Summer. In summary, one member of council was removed from council as a result of attendance that did not meet the 50% threshold. A special thanks to Councillor Flaman for putting this together.

If there are any questions about the attendance records, the manner in which the attendance was calculated, or about the regulations in Section 21(4), please let me know.

Best Regards,

Saadiq Sumar

Re: Report to Students' Council

Hello Council,

I hope everyone is enjoying their September! My month has been quite busy, so I will cut this intro short and get right down to updating all of you on what I have been up to.

GovWeek Highlights

The week of September 18-22nd was the second annual GovWeek, and it went very well! I won't say very much, VP Scott will share the majority of the updates, please read his report for details. However, I will give a couple highlights. I hosted the second annual Students' Union Annual General Eating. Like the pun? It was a tasting tour of all SU food vendors. We had around 40 people show, and it was awesome. I am always blown away at what our staff can do. I only had the chance to attend a couple other events due to a busy week, but I was able to get to the city council election candidates mixer and the tail end of Minister McLean's closing keynote. Both were great events.

UAlberta United Way Campaign

The UAlberta's United Way campaign is right around the corner! As I have mentioned before, the kickoff event is on Wednesday, October 11th at 12PM at SUBstage. Come to the event to learn about how important the United Way is and how you can help pave pathways out of poverty. I am proud to announce that the Students' Union will be donating 100% of coffee sales at The Daily Grind, Undergrind and L'Express ALL DAY on October 11th! Be sure to caffeinate a little more than usual that day, because it will be for a good cause!

Facilities Development Committee

On September 28th I attended the first Facilities Development Committee meeting of this governance cycle. This subcommittee of GFC is responsible for overseeing space plans and building developments on campus. I sit as a delegate of VP Scott, as the content is relevant to my portfolio. We discussed changes to the committee's Terms of Reference, the General Space Plan for Information Services and Technology and the Long Range Development Plan for Augustana Campus. Please feel free to ask me about any of these items during question period.

*Green & Gold Day*

Friday September 22nd was Green & Gold Day on campus, and you could tell! From the moment I hopped on the LRT in the morning I saw UAlberta swag everywhere. VP Larsen and I had the honour of MCing the pep rally in quad that followed the Green & Gold parade. It was a ton of fun, and full of energy. This was my second time MCing the event, and it was even more fun than the first time.

Engagement Campaign

This last week, the Students' Union kicked off a new initiative. The Engagement Campaign will be touring across campus to find out what students value in their university experience. Asking questions like "What makes campus awesome?" and "What makes you stay on campus?" The campaign was stationed in Alumni Circle during the later half of the week of September 25th. Council, since many of you have engagement as a central priority in the platforms you were elected on, I am asking for your help. We need people to join the travelling campaign to engage directly with students. To sign up and see more details, check out the following link: <https://su.ualberta.ca/events/involved/engagement/>

Myer Horowitz Theatre Renovation Project Update

Nothing new on this front! We are still paused on design and awaiting student consultation. Last year, I was instructed by council to report on the project during each of my written reports. Unless I receive a specific request from council this year, I will be removing this portion of my report until the project starts up again.

Cheers,
