Re: President 2020/21 Report #7

Dear Council,

The past few weeks have been quite challenging, while being full and productive in many facets. Various projects have been ongoing, and preparation for the Fall semester has been top of mind considering the multitude of student concerns with online delivery due to COVID-19. Along with these challenges, budget effects, academic restructuring, administrative restructuring and general COVID related issues have placed an incredible burden on the campus community that require much time and attention from the UASU Executives. We have been working incredible hard in addressing many of these issues.

Academic Restructuring Working Group (ARWG)

Academic restructuring at the University of Alberta is top of mind, and with the potential for significant reduction in the number of faculties and departments, there are unique opportunities as well as challenges that must be addressed. A few of the concerns which I think are important in considering Academic and Administrative restructuring are:

- Autonomy and identity of faculties must be kept
- Support interdisciplinarity, teaching and research while defining signature areas
- Culture and community of certain faculties / campuses (i.e. CSJ and Augustana)
- Maintaining Indigenous identity in the Faculty of Native Studies while incorporating Indigenous content / pedagogies into new structures
- Ensuring student supports such as academic advising are not diminished

I want to hear from you - what are your concerns with what has been presented by Bill Flanagan and Steve Dew already regarding Academic and Administrative restructuring?

Executive Committee

The executive team has been working intensely on various issues on campus. The executive goals document has been fleshed out thoroughly and we are presenting it to you folks at Council this week. It is challenging to adapt and reassess many of the goals which we ran on since COVID-19 has made it hard if not impossible to achieve many of the goals. The global pandemic has also shifted many of our focuses this year to recovery, and rise of other issues (i.e. academic quality, academic integrity, mental wellness concerns, campus community etc.). We hope you have feedback and or questions on the goals which will be guiding the work we do this year. Some other noteworthy projects that are going on are:

- UPass Negotiations
- EDI Task Force (EDIT)
- Maintenance Grant

Joel Agarwal, President

2-900 SUB | 780 492 4241 | president@uasu.ca

- Fall Semester Fees
- Campus Sexual Violence
 - Met with Bill Flanagan, Dean of Students, and developing an action plan with the University to address policy, systemic, and challenges in reporting mechanisms
- Sustainability and Capital Fund (SCF) kick of - committee membership appointments

External Advocacy

VP Ley and myself were able to attend a zoom call with the Ministry of Advanced Education along with student leaders from the Council of Alberta University Students (CAUS), Alberta Students' Executive Council (ASEC), and Alberta Graduate Provincial Advocacy Council (ab-GPAC). During this meeting we were able to discuss some of the priorities that students are focusing on, and bring them forward to the Deputy Minister.

CAUS has been extremely productive and have been working on submission ideas for the Alberta 2030 review. We are submitting a UASU submission in addition to a CAUS submission. CAUS is also in the process of planning a fall budget campaign where we are thinking of some novel avenues.

Board of Governors

The Board of Governors has called a "special meeting" for Friday July 24th, so I will update you all on any relevant information.

President Installation Committee

I am on the President Installation Committee where we are working to determine the goals and plan for initiating President Bill Flanagan at the UofA. We are planning an initiation ceremony, as well as events leading up to it, as well as after as part of Green and Gold week. The High Level Bridge will be light up in green and gold colouring!

As always, I'm always happy to meet with you for virtual coffee if you have any questions or just want to chat! Hope you are all enjoying your summer and the sun! If you have read up to here, the first person to email me (president@uasu.ca) will get a little surprise!

Yours Sincerely,

Joel Agarwal

Re: Vice President Academic 2020/21 Report #7

Dear Council,

It's been a busy two weeks! Check out my report for an outline of what the past two weeks have been like for me, but don't hesitate to ask me any questions if you want more information!

UASU Nom Com

- Nom com has met twice since the last council meeting! The first meeting we adjudicated the applications for EDI-T and the SCF-C as well as received the report from the senate interview committee. We filled EDI-T and decided to extend the deadline for the SCF-C. We also approved the conclusions from the senate interview committee. The second meeting we finished the adjudication of the SCF-C seats.

Set and Academic Restructuring Town Halls

- The SET townhall took place last wednesday and the university talked about the process they have in place for SET. It seems as though SET is not as established as academic restructuring as most of the town hall focused on the processes rather than any concrete ideas.
- As an update to the Academic Restructuring town hall, a blog post was released by Bill and Steve which can be found [here](#).
- As an additional update to the SET town hall, a blogpost will be released by Bill and Steve sometime in the next few days similar to the one for the academic restructuring townhall.

Student Leaders Week Planning

- I've been in contact with the Lead Centre to plan Student Leaders Week this year! There should be a lot of exciting new things happening with it this year. We are looking at broadening the scope considerably as well as adding specific streams people can go through and possibly get some form of credential from it. If you have any ideas for a stream you'd like to see, send me an email! I would love to know!

Caus Counterparts

- CAUS counterparts were last week and were quite interesting! Although the majority of the content was for Joel and Rowan, the rest of us got to take part in some interesting "hot topics" sessions with our counterparts as well as a full VP group. The various VP-As found the hot topics sessions very useful and we are currently planning on creating a recurring version for us in order to dive more in depth on the academic issues at our various institutions as well as get to know each other better.

TikTok Filming

- On Wednesday I filmed a TikTok with VP Kidd on asynchronous learning and why the UASU has been advocating for it in preparation for the fall semester. I think the process went quite well and I am very happy with my first ever TikTok! One of my favourite parts of asynchronous learning is asynchronous assessment. Often I have concerns around cheating or

academic integrity brought up to me from the university looking for ideas in order to prevent misconduct. I love these discussions because I get to talk about pedagogical solutions and crafting student friendly assessments that fundamentally reduce the ability to cheat. If you want to learn more about asynchronous learning, I would love it if you asked me about it in QP, or, check out some of these links that talk about similar ideas and strategies that I bring up in meetings ([Insidehighered](#), [BCCampus](#)).

Delegated authority mapping

- One of the things I have been doing over the past weeks is modeling the SU delegated authority. This has been an interesting process as it has involved diving into a lot of documents from a variety of locations to find exactly how, what authority, and to what extent an SU affiliated body has delegated its authority to another body. Through this process I have found a lot of difficulties in finding the information I've been looking for and as a consequence of that I have been working on other possible models in order to simplify the overall layout.

Open Education Conference Diversity, Equity and Inclusion Team

- The work for the Open Education 2020 conference is going great! We've been working on the overall values statement for the conference. One interesting strategy we have for crafting this statement was to start with a visualization of the goals of the conference as well as the high level values behind the conference to begin with. This was really interesting as it provided a great opportunity to add more abstract thought to the planning process which can typically be absent, as a very metaphor based person this provided a great opportunity for me to think about the conference in many different and new ways.

Personal life Update

- In my personal life things have been a bit hectic. Me and AJ are undergoing a bunch of DIY projects to build a breakfast/cocktail nook in our apartment looking out across the legislature grounds! Once the project is all finished up expect some photos in the report! A lot of this is in the early stages, but we got these gorgeous red leather bar seats from a thrift store, only \$20 each!
 - Up next we are building a table as well as working on a project for the empty space on the wall!
- Remember, don't ever hesitate to reach out to me if you want to chat

or have any questions!

All the best,

David Draper

Re: Vice President Student Life 2020/21 Report #7

Hello council!

I hope all of you are staying healthy and are enjoying your summer so far! It has been a busy two weeks but productive!

Health and Dental Plan

I am finally able to discuss the specifics of the Health and Dental Plan for this year! We will be offering two plans this year: comprehensive and basic. The comprehensive plan is \$315 and the basic plan is \$240, reflected in coverage differences between the two plans. Specific breakdowns will be available to students on the StudentCare website closer to September. New to this year, both tiers of the plan include Empower Me, a mental health and wellness service that connects students to counsellors that offer sessions in person, by telephone, by video-counselling, or by e-counselling. To access Empower Me, you can call their phone number to set up initial appointments. The operators are also trained counsellors to help students in crisis. Empower Me is available any time of day, confidential, multilingual, culturally sensitive, gender inclusive and faith inclusive. And it's all covered by the Health and Dental Plan! I will go more in depth about this during my oral report to help explain and answer any questions.

Work to End Period Poverty

VP Krahn and I have been continuing work on this initiative. We have been developing our finalized plan, mission, value statements and timeline. If all continues to plan, we are hoping to have some dispensers installed in the fall semester.

EDI

EDIT is officially filled and we are preparing for our first meeting. This will be coming in the next two weeks! I will be meeting with every member for coffee to get to know them before our first meeting. I am really thankful to Nom Com and all the work they put in to get this committee together. On a different EDI note, the Campus Policing Policy group has been assembled! We should also be meeting in the next two weeks.

Residence

We are slowly getting a clearer picture of how things will be working this fall. Schaffer Hall will be the only tower open in Lister, Peter Lougheed Hall will be used for those who need to self isolate, and the rest will be open as usual. There has been no decision made about Residence St. Jean yet. The president of RSJ and I have been working hard in various committees to ensure those students' needs are being represented. CORA as a whole is keenly aware of their residents mental health needs this semester. They are preparing their organizations and we are working with Residence Services to address this throughout the year.

Book Update!! Last week I read: "Darling Rose Gold" by Stephanie Wrobel (4 stars), "Untamed" by Glennon Doyle (5 stars) and "The Guest List" by Lucy Foley (4 stars). Strong recommendation for "Untamed" it's a nonfiction book about an evangelical Christian woman self help author who falls in love with a woman. She has written quite a few books detailing her marriage throughout the years. These aren't normally my go-to types of books but I loved this one. Next week I'm reading: "Americanah" by Chimamanda Ngozi Adichie, "The Henna Artist" by Alka Joshi and "A Burning" by Megha Majumdar.

Feel free to message me if you want to meet up to discuss anything! I'm always free to listen!

Cheers,

Katie Kidd

Re: Vice President Operations & Finance 2020/21 Report #7

Dear Council,

Happy to be seeing you all again! I hope you are all healthy and well. We're about 4.5 months into the pandemic closures, and I have to say I'm getting pretty tired of it. I read a news article this week that described it as 'lockdown fatigue', and that is very much how it feels to me. I honestly hope you are finding healthy rhythms and habits for your day to day life. Let me know if you ever want to talk about how you are feeling.

Plant update: my bean plants hate the rain, but my pea plants are holding on. Maybe the hot weather next week will inspire them to grow more!

UPass Update

Fall Semester Alternative

As I had discussed last week, we submitted another proposal to ETS in an attempt to find a solution for the Fall semester, in which we presented two options. We suggested either a student-focused discount on existing fare products, or allowing all registered students to qualify for the upper tier of the Ride Transit Program (regardless of household income). Both options of this proposal were rejected. We have written a letter to City Councillors asking them to help the Students' Associations reach a solution with ETS. We have already received responses and meeting requests, which we see as a hopeful sign. Realistically, we do not expect a September 1st roll-out of whatever solution is found, as time is running short. However, we are looking to implement a solution as soon as we know what it will be. We have been working tirelessly and doing all that we can on our end to find a solution, and we thank students again for their patience.

Contract Negotiation

Negotiations between the Students' Associations and the Municipalities are set to begin on August 18th. Both sides have now exchanged positions (starting asks), and I have been and continue to be putting in a lot of work to ensure that I am equipped for negotiating. Unfortunately both sides have agreed not to publicly share information on positions, so I cannot disclose what has been said.

Health & Wellness Update

Health & Dental Plan

Vice President Kidd and I have been working on creating a second tier to the Health & Dental insurance plan, and it has just been finalized! This Fall, students will have the option of choosing between the Comprehensive Plan and the Basic Plan (besides opting out entirely). The Comprehensive Plan will cost \$315 per year, and the Basic Plan will cost \$240. Our intention is to provide students with another option for their health coverage that is more affordable while remaining competitive and high-quality.

Empower Me

As part of the Health Plan, we have added Empower Me this year. We recognize an increasing need for students to access mental health services, especially remote services during COVID. Empower Me is a mental health service that connects students to counselling in-person, and by telephone, video-counselling, or e-counselling. Students can call their phone number to set up initial appointments with operators who are also trained counsellors to help in crisis situations. It is available 24 hours per day, and is confidential, multilingual, culturally sensitive, and inclusive.

Noteworthy Meetings

Vice-President, Finance & Administration Search Committee

At last week's meeting, the Search Committee received an Equity, Diversity, and Inclusion educational session. I am so encouraged to see this committee's own diversity, and its commitment to making positive choices regarding EDI.

If you have any questions about the contents of this report, or simply want to talk, please feel free to reach out! Stay safe and healthy.

Best,

Alana Krahn

Abstract

The Chief Returning Officer will provide an update on election activities including by-elections and provides details of a proposed election video.

Alignment with the Strategic Plan

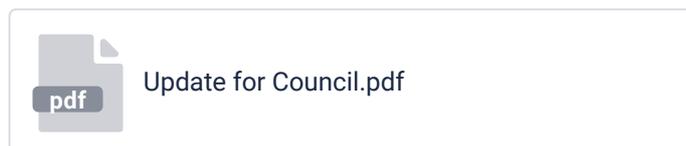

A modernized online presence helps the Students' Union meet students where they are and adapt to the ever-changing best practices of the digital world.

Remove barriers to community involvement and participation in Students' Union programming. Co-curricular activities are essential in creating a flourishing campus community. The Students' Union recognizes that accessibility challenges and financial barriers may limit students' ability to participate. The Students' Union will commit to addressing these barriers.

Next Steps

We would like councillors to volunteer to participate in the election video discussed in the presentation.

The Legacy Fund and the
Athletics and Recreation Fee

Presented by Ian Reade, PhD, Director of Athletics, July 2020

Principles

- Transparency
- Accountability
- Partnership
- Collaboration
- Consultation

Key Points

- Transparency
 - Students normally pay approximately \$5.5 million in A&R Fees; Athletics receives about 60% of the fees
 - Students want to know what their fees pay for
 - The A&R Fee is not a user fee
 - Athletics and Recreation fees pay part of the cost for the staff to provide sport and recreation services to students
 - 22 varsity teams, over 100 events hosted per year

Key Points

- Accountability
 - A&R Fee is one of the Mandatory Non-Instructional Fees (MNIF) collected by the university, and overseen by MNIF Oversight Committee (includes SU and GSA)
 - The allocation of the funds and the provision of services is the responsibility of the two Directors; Cheryl Harwardt and Ian Reade

Golden Bears and Pandas Athletics

Legacy Fund

- Legacy Fund established in 1991 to save varsity programs
- Was a joint initiative in 1991 of the SU and UAB
- Funding by the Legacy Fund has changed over the years
- Is currently a Dedicated Fee collected by the SU
- Funding decisions are made by a committee of students from SU and UAB in response to proposals submitted through Athletics
- About \$250K is disbursed annually; currently \$4.37 / student / semester, not S/S
- Main purpose has been to subsidize sports events which students attend free of charge
- Has also supported mascots, media production equipment, assistant coaches, student promotions
- All funds must be matched by other revenue sources

Preamble

The University of Alberta Students' Union (UASU) Executive team is committed to serving the students at the University of Alberta. The UASU is a student directed non-profit organization which represents the 32,000 undergraduate students at the University of Alberta. With a budget of \$14 million, the executives set the goals annually which direct functions of the organization.

In a COVID-19 environment, the UASU has been hard pressed and challenged on all fronts, and in these uncertain and unprecedented times of change, the UASU exists not only as a predictable and dependable force, but one that is flexible to the ever changing world we all live in. The UASU will be at the forefront, ensuring student leadership reflects the student body, and that our values keep students at the core of what we do to ensure we are thriving amidst challenges.

The following document outlines the 2020/2021 goals set out by the UASU Executive.

Themes

- *Empower Students to Lead.*
- *Secure a Strong Future for Students.*
- *Break Down Barriers.*
- *Ensure a High-Quality University Experience.*

Empower Students to Lead

Empower Students to Lead

In the midst of substantial changes at University of Alberta, it is crucial that students' voices are heard. Governance must be accessible to ensure it is representative of the student population. In order to best represent the student heartbeat, we must strengthen the student movement.

Empower Students to Lead

- Continue to Make Governance Accessible
- Inform, Expand and Support Students' Rights
- Stand up for Residents' Rights

Secure a Strong Future for Students

Secure a Strong Future for Students

Long-term student interests and issues should be prioritized within the Students' Union, and in our advocacy. The supports and rights which students today enjoy were passed on from previous generations, and we have a responsibility to leave them better than we found them for the students of tomorrow.

Secure a Strong Future for Students

- Enhance UASU's environmental and financial responsibility
- Advocate for a future that puts students at the forefront of University and Government decisions
- Create a new culture to end Campus Sexual Violence

Break Down Barriers

Break Down Barriers

Universities are for everyone, and all students deserve to access post-secondary education without barriers to accessibility or affordability. Too many obstacles still exist to students being able to engage equitably in campus life and academics. Students deserve supports that help to overcome them.

Break Down Barriers

- Affordable and stable student financial support
- Ensuring campus is accessible for everyone

Ensure A High-Quality University Experience

Ensure A High-Quality University Experience

Students come to the University of Alberta expecting a world class institution with cutting edge education. The quality of the experience encompasses everything, including academic, vocational, and student life experiences. In the face of unprecedented institutional threats, students still deserve a quality experience built for the 21st century.

Ensure A High-Quality University Experience

- Facilitating 21st century educational practices and materials
- Building a University of Alberta that centres around student needs
- Indigenize campus to fight against the historical suppression of traditional learning and knowledge
-

Build a Better Campus Community

Build a Better Campus Community

The campus community needs to be a thriving intellectual place, which is also safe and diverse. COVID-19 has disrupted the lives of many students and we must be resilient in adapting to the challenges we face, while rebuilding and strengthening the Students' Union.

Build a Better Campus Community

- Ensure that student health and wellness are prioritized
- Support the diversity of students on campus
