

May 31st, 2022
6:00 P.M.
Council Chambers/Zoom

The University of Alberta and the University of Alberta Students' Union occupy Indigenous land in amiskwaciwâskahikan (Beaver Hills House), on Treaty 6 territory. From time immemorial, the banks along the river valley have been known as the Pehonan, a meeting place for the nêhiyawak (Cree), the Niitsítapi (Blackfoot), Métis, Dènesų́łíné (Dene), Ojibway/Saulteaux/Anishinaabe, Haudenosaunee and others. The University, the Students' Union and much of the city are located on the unlawfully stolen land of the forcibly removed Papaschase Cree.

We acknowledge that sharing this land gives each of us the responsibility to research the historic contexts of Treaty 6, to reflect on our personal relationships to the land, the Nations we've named, and to our roles in upholding justice on this territory. Since they began, the Students' Union and the University have benefited from historic and ongoing dispossession of land and resources from Indigenous Peoples. As a result, it is our responsibility to seek the restitution of this land and its resources. Finally, we seek to do better by working to make our learning, research, and governance align with the histories, languages, teachings, and cultures of First Nations, Métis, and Inuit Peoples in the land presently occupied by the Canadian state.

We encourage critical reflection by asking the following question. In relation to the territory on which you are situated, what role do you play in strengthening the resistance and resurgence of Indigenous students within your communities?

OPEN FORUM

HE: Thank you. This is about the appointment I didn't see it on the agenda I was wondering does the appointment to gateways board have to be on the agenda to happen?

MONTEIRO: It would be approved by Students' council. Normally we would have motions on the agenda to approve those seats. I don't know if governance team is in the process of that. Check in with Mr. Speaker I'm not sure if those motions are ready yet.

2022-02/7

QUESTION PERIOD

ALL: I have a question. My question is to Abner. I was at the BoG meeting and I saw that the Capital Plan doesn't include Maskwa House. Where do we go from here?. Where do we go with the university telling us things and then we're actually following through with it?

MONTEIRO: The SU was told that Maskwa House was going to be included in the Capital Plan. I think the way it was interpreted that it would be included as an online item and not a project in the Capital Plan. Maskwa House is mentioned as an interest in the Capital Plan but not having the funds to build it right now. The primary reason for this is being able to secure funding for maintenance cost of having Maskwa House

built. Not a matter of building the building itself. That is going to be my next years of conversation with Andrew; how we're going to include it in the Capital Plan and how we're going to fund the maintenance cost for Maskwa House. I also mentioned during the presidential election, and also working with students, that it's important students are aware of Maskwa House. Every student sees the need why we need Maskwa House on campus, not just me and the executives wanting it.

REGMI: There's increase in cuts in tuition and an increase in cuts to education but many people see a transition in power. So my question to you is how a possible change in power would affect advocacy by the Students' Union to the government of Alberta in relation to the budget cuts by the government of Alberta to the province of Alberta.

FOTANG: In short I haven't had this discussion with my executives. I have been having this conversation with my counterparts across the province. For the most part we have done a good job in maintaining a good relationship with the advanced education ministry but for now important thing is making sure if there are changes going to be made to the ministry and being nimble enough to be able to rebuild those relationships

To: Students' Union Council

Re: Vice President Academic 2022/23 Report #2

Dear Council,

I hope you are enjoying the council experience so far and I am sure it will become even more exciting as we move further and learn more about our roles. I must say that we have a very engaging council this year and we need to take it up and make the council a welcoming space by encouraging more engagement. This great experience in student governance will help us in gaining some skills towards our personal development.

I have been learning a lot and enjoying this new journey. And here are some updates from me. I have been attending a lot of meetings and getting to know people around campus with whom I will be working on my projects. I had some GFC committee meetings like the Programs Committee, Nominating Committee and Student Conduct Policy Committee. So, most of my time went into preparing for these meetings and answering emails. Also I had the first meeting with CoFA (Council of Faculty Associations) Senior Board where we talked about giving ISA (International Students' Association) and ISU (Indigenous Students' Union) non-voting seats at CoFA and we will be preceding to making this change in the CoFA terms of reference in the next meeting. At this point, I am preparing for the upcoming meetings and I am hosting the first GFC student caucus meeting of the term this week to ensure effective and engaged student representation at the GFC.

Also, with other members of the council and the executive team, I got a chance to take part in the 'KAIROS Blanket Exercise' which was very insightful and touching. It helped me understand the story of indigenous people and relate to it. It also made me aware of the responsibilities that we have towards the indigenous people being on their land. I believe that such activities encourage us a lot to walk on the path of reconciliation and are really important for educating us. So, being part of this exercise was a very moving experience for me.

Lastly, I just want to say this month is ending, leaving behind a strong foundation for me to construct on it in the upcoming months. Sending you the best wishes.

Reach out to me whenever you want to chat and I will be there.

Cheers,

Gurleen Kaur

Dear members of the Students' Council:

I am Councillor Lionel Liu and I would like to formally nominate myself for the appointed positions of The Landing Board of Directors and the Physical Activity and Wellness Centre Strategic Operating Committee (PAWSOC).

I would like to sit on PAWSOC because I have been involved extensively with Campus and Community Recreation in the past years, and have been working to make sport and recreation on campus more inclusive for everyone. Last semester, I participated in a wellness course designed for international students organized by PAWS and I have some recommendations for the programming of the course to make it even better. Participating in sport and recreation will also improve physical and mental well-being especially for international students, so I will suggest PAWS to extend such programs.

For The Landing Board of Directors position, as a student studying sport and a huge fan of sport, I feel devastated to see that the sport world is still overwhelming homophobic. I believe that I will be able to work across The Landing and CCR to make the sport and recreation environment more inclusive and enjoyable for LGBTQ+ participants without any fear or worries.

Sincerely,

Lionel Liu

PAWSOC nom.docx

Hey everyone!

I am self-nominating myself for PAWSOC as I have a vast array of experience that I believe will help me better support the board as we work together! Within my (going on) four years of experience in student governance I have served as a committee member for committees like the health and dental plan committee and the PAWSOC committee, where I learned and aided in addressing student concerns regarding physical activity and wellness and the operations of PAWSOC for one term. I have also served one term as board member of APIRG giving me experience within a similar role that I could utilize as PAWSOC board member. Overall, I have a passion for wellness whether that is physical or mental health and I would love to be able to participate on this board to create and collaborate with these areas of interest in mind!

Sincerely,

Simran Dhillon
