Re: Students' Union Council Report #9

Hi Council,

I'll keep this one brief, as we're in the midst of Orientation. Happy Week of Welcome!

Here is an update on my duties:

1. Orientation and WoW

I had a chance to speak to all new undergraduate residents at Basecamp move-in, and also had a chance to speak to our new peers in first year at Presidents' Address. Being a part of both phenomenally organized events two years in a row has been an honor.

I'll be spending this week trying to connect with as many new students and volunteers as possible. While we put on great programming for our new peers, all it wouldn't be possible without the hard work of our volunteers and programming staff!

Today I spent most of my morning helping out with the pancake breakfast. I'll try to sign up for as many shifts as I can with the Council Booth as well as other pancake breakfasts, and I hope to see all your lovely faces out there – I've already bumped into Councilors Kwan, Larsen and Newman so far!

2. Residences

VP Ghossein, General Manager Dumouchel and I attended a meeting between the Offices of the Provost, Registrar and Dean of Students to sort out residence association fee collection.

They haven't updated us yet on how residence association fees will be collected this year, as both Residence Services and the Registrar's Office see hurdles through their collection processes. One unit in the university, and it may not be end up being one of these two, will need to move quickly to accomplish fee collection for 2016 – 17.

3. Gov Week

Office of the **PRESIDENT**

The Facebook event is live for Gov Week, so make sure you invite your friends to attend the exciting sessions! <https://www.facebook.com/events/289480311420773/>

4. CAUS, CASA

CAUS had a teleconference where we finalized our priorities document that we will take to future MLA lobby meetings. We are also working on a 30th anniversary event celebrating CAUS Alumni this academic year.

CASA Policy committee checked in to see how policy updates are coming along, and we will be having a motion to recommend CASA approve some of the changes to policy we discussed over the summer at our next CASA conference.

5. Operations

VP Paches hosted a staff orientation for our new and old members working at RATT and Dewey's this semester. I participated to connect with some of our staff as well.

6. Misc Projects

The full UASU Executive met with SAMU's executive over lunch to discuss some of the priorities and goals we have for the year at our respective institutions. On an exciting note, SAMU will be pursuing the construction of the first Students' Association Building at Macewan!

VP Ghossein and I also participated in a video for the Orientation volunteers.

7. Presence & Relevancy

We've had two FA dinners to date with AUFSJ, the Campus Association at Campus Saint Jean, and the ASA, Augustana's Campus Association. Our last RATT on the Patio this summer was a blast as well.

That's all from me; enjoy the rest of Week of Welcome!

Staff Meetings

Last week I spoke to new staff at both Room at the Top and Dewey's! I talked to them about the Students' Union, and made sure to make them feel like a party of the SU family. It's gonna be a good year!

Faculty Association Lunches

The exec had lunch with but the AUFSJ exec as well as Augustana Students Association.

Room at the Top Updates

We went live with a new brand for Room at the Top! IM SUPER EXCITED ABOUT IT AND I LOVE IT. Check it out when you get a chance!

Myer Horowitz Renos

Sirina Hamilton, our Student Life Director, and I are pretty much taking the helm with fundraising. We met with a professional fundraiser from the Stollery Children's Hospital Foundation for advice and we're moving forward with our planning!

Dear Council,

I hope you enjoying the first week of school! Campus certainly was buzzing from Week of Welcome and Orientation, thank you to all the councillors who volunteered their time. Below is an update on my duties to date.

1. GovWeek

I am excited to announce that the Minister of Advanced Education, Marlin Schmidt, will be our opening keynote speaker on Monday September 19th of GovWeek! Thank you very much VP Sandare for securing this exciting talk. The GovWeek Facebook event is also now live, please share and invite your friends. The schedule is now complete and we will be releasing the complied version in the next few weeks after our marketing department fine-tunes it.

GovWeek Advisory Group (GWAG)

GWAG met on Thursday September 1 to discuss advertising strategies and how to mobilize students to attend sessions/events. It was a very productive meetings and I received some valuable take-aways that I will be communicating to all program facilitators.

2. Meetings & CommitteesASC SOS

I had my first meeting of Academic Standards Committee (Sub-Committee on Standards) on Thursday September 1. At the meeting I presented the proposed change to the calendar to allow students taking less than a full course load to still be eligible for scholarships if they are approved through Student Accessibility Services. We received good feedback at the committee and have set up more meetings to fine-tune the recommendation before going to Academic Standards Committee.

4. Other Exciting EndeavoursPresident Address

Being able to co-host Presidents Address with VP Sandare and VP Paches was a very memorable experience. The energy in the room of 3000 new students was amazing, and as expected President Rahman nailed his speech.

Congress Tour

The University of Alberta has been shortlisted to host the Federation for Humanities and Social Science conference in 2020. This is very exciting as the conference has 9,000 participants and brings a lot of economic development and prestige to host schools. I was able to give the conference committee a tour of campus, highlighting the Students' Union space. The conference committee members were very impressed with the projected renovations to the Myer Horowitz Theatre, as well as the SUB atrium.

Meals with Faculty Associations

The executive and I had lunch with the Augustana Students Association executive at RATT on Wednesday September 24th. It was great to bond with them over a meal and discuss the exciting initiatives they have planned for their year. We also had dinner on Monday September 29th with the Campus Saint Jean Students Associations (AUFJSJ). At the dinner we discussed our goals and how we could support each other in the upcoming year.

Meetings to Discuss Interdisciplinary Conference

I have been having more meetings to discuss the proposed interdisciplinary conference the SU is considering hosting in February. Meetings are mostly with stakeholders in various faculties to get a sense of what they would like to see from a conference and how they could get involved.

Thank you for reading this report and I would be happy to answer any questions you may have.

Re: Vice President Student Life Council Report

WELCOME BACK!

I hope that you all had a good start of classes and that you enjoyed some of our Week of Welcome activities! From pancake breakfasts to beer gardens, we sure have been keeping busy.

For those of you who weren't there, I led the light ceremony at the President's Address which was held in the Butterdome this year and it was magical! The sight of thousands of students waving their lights to the rhythm of the U of A cheer song will remain one of my favorite memories for a while.

As for some of the other things I've been doing:

Last week, as part of building relationships with our faculty associations, the rest of the executive team and I had lunch with the Augustana Students Association as well as l'Association des Universitaires de la Faculté Saint-Jean where we talked about our respective goals and visions!

We also had another successful RATT on the patio event where I spent some time with councillors Flaman, Brophy, Larsen and others! I highly encourage you to come out for the last few Ratt on the patio events in September.

Lister move-in! On Friday the 26th, VP Paches and I volunteered from 8:30 am to 11:30 to assist the residence life staff in helping students move into their new home!

Joint Executive Training

The JET is a training that Residence Services puts on, together with Discover Governance and that is catered to Residence Associations. There were presentations such as the Risk Management and Emergency Procedures, event planning and budgeting, effective meetings, who's who in residence services and role modeling in residence.

Landing lunch

I had the chance to meet with and join the Landing volunteers for a part of their training.

ADVOCACY

RESIDENCE ADVOCACY

Lister Representatives

Our lister representatives attended the Joint Executive Training as well as an SU-specific training, walking them through facts about the Students' Union, their reporting structure, their roles, programming and advocacy tricks.

COMMITTEES AND BOARDS

Council of Residence Associations (CORA)

The committee met for the first time this week; we discussed the collection of residence association fees, plans around programming and budgets.

Finance Committee

We had a presentation about the Access Fund and discussed the SU award ratification process.

MISCELLANEOUS

A reminder that my office hours are bi-weekly from 12 p.m to 1 p.m on Fridays so stop by if you want to chat or have any questions. If that doesn't work for you, you can also e-mail me at vp.studentlife@su.ualberta.ca and we'll find a time to meet and chat.

Re: Report to Students' Council

Council Report #9: Oh, hello. How I've missed you (UofA)!

Hello Council,

Welcome back to university! I hope all of you have been enjoying your first week back. I am sure it has been a hectic week volunteering for things such as Orientation and WOW, meeting with friends you haven't seen for months, checking out the fairs and events on campus, drinking in the beer gardens, and (of course) studying for the impending tests in your new classes! But of course another year older just means another year wiser, and a fresh new semester means a fresh new council report! (Courtesy of your Vice-President (External))

Provincial
CAUS Alumni Event

CAUS is planning an alumni event this October to celebrate our 30th year of student advocacy! I am proud to say that I will be providing support to the committee as they move forward. We are fortunate to have such strong alumni such as Don Iveson, Naheed Nenshi and Randy Boissonault come out of CAUS and we look forward to celebrating the successes of the organization.

Municipal
Century Park Parking Lots

As I am sure many of you know by now, there is greatly reduced free parking at the Century Park Park n' Ride lot. The number of paid stalls has increased to 75%, and the cost of the stalls has gone up from \$40 to \$50. The decision for this was made and passed by City Council in spring of this year, after city wide consultation with multiple stakeholders. Due to this change having been made months ago, after city wide consultation, the membership of the Edmonton Student Alliance (ESA) has decided that it is best for Students' Unions to focus its efforts on ensuring that students are aware of the changes being made to transit and parking, especially at the Century Park transit station.

OFFICE OF THE
VICE PRESIDENT (EXTERNAL)

Much of the past couple weeks has been focused on inter-university relations and Orientation/Week of Welcome. I would like to start this section off by offering a HUGE thank you to the students, staff and student staff who have worked their butts off to pull this together. I am absolutely astounded at the level of commitment those both working and volunteering have put into creating this event from the ground up. In all honesty, I sincerely thank you for all of the effort you have put in. This has been an amazing start to an incredible year, and it would not have happened without you. Y'all the real MVPs!

Meetings With Faculty Associations

Over the past couple of weeks myself, along with my fellow execs have had the incredible opportunity to sit down and discuss plans, goals, and life with the executive members of the Augustana Students Association, as well as l'Association des universitaires de la Faculté Saint-Jean! I absolutely enjoyed meeting with the passionate, caring and hard-working students who make sure the students at our Augustana and Campus Saint-Jean campuses are well taken care of and are enjoying their year. I am excited to be working alongside them to ensure the best for University of Alberta students throughout the year!

Lister Move-In

On August 26th I was lucky enough to get the chance to help acclimatize our new Lister residents as they moved onto our campus. I had some wonderful conversations with some very excited (but also nervous) first year students as they lugged their suitcases, boxes, fridges, and a few TV's into their new homes. I sincerely wish all of them the best throughout their first year. As we all know, the first year of university for many students is incredible, however it is not the easiest time in our lives. It is full of ups and downs, and massive metaphorical hills to climb. Because of that, I believe it is our duty as Student Representatives to make sure any first year we meet feels welcome into our community, as this is their new home (for some in more ways than one). I urge all of us to take the time out of our day to meet a first year during these next few weeks and make them feel at home. Welcome to University all of you!

Presidents' Address and Orientation

I am so happy to say that August 31st has been one of the best days of my exec term thus far! I am absolutely floored at the amount of effort put in to making sure that Orientation and Presidents' Address was up and running. I really enjoyed running around campus testing groups of first years and handing out prizes with the incredible hype team! In addition, I feel so incredibly blessed to have been on stage, alongside my fellow Executives, introducing honored guests and welcoming 3000 first year students to our campus. Despite having mentioned this before, I just want to give a HUUUGGGEEEE shoutout to our staff and volunteers who helped put this together. I am happy to say that I had many moments of nostalgia throughout the day, and hope that our newest students take away just as much from their introduction to this new world that I did.

Whelp, that's all for this weeks episode of "Bi-Weekly Updates and Other Short Stories from the Vice-President (External)". I just want to end this off with a quick little message for our first year students:

During my Presidents' Address there was one moment that stuck out to me most. Our then President, Petros Kusmu, came onto stage and in his speech told us a small story about two friends that he had on Facebook, each having graduated that past year. One posted a short rant about how they were happy that university was finally over, and how they had wasted four years of their life in the backrooms of campus chasing after a worthless peice of paper. The other however, posted about how they couldn't believe how fast time flew by. This person told the world of the stories they had, the friends they had made and the moments that they will cherish forever. They wrote about how they had been scared when they first entered their first year, but with encouragement decided to get involved, and how involvement had changed their life. The point being that, as in life, this university experience will be what you make of it. Even though it might be terrifying at first, please remember that it is up to you to make this university experience your own. You have entered into a land of opportunity. surrounded by driven peers who share your interests, who want to be your friend. Their is no time like the present to make the most of your year, and making the most of it now will guarantee you incredible years after that. Don't just chase your dreams, take them. If you ever need help, please don't be afraid to ask. I truly believe in you, you can do it.

For the times they are-a changin',
Mike Sandare

(P.S. Councillors, please do all you can to ensure the best for our new friends on campus. You are the leaders of today, and I trust you will also help them become the leaders of tomorrow!)
