(Brief) VPX Goals Update

*Petros Kusmu, Vice President
External*

Tuesday, November 6, 2012

Why have this presentation?

The VPX spend majority of their time focusing on issues primarily outside of campus, making it sometimes difficult for students to notice the work that they do on a day-to-day basis...

Considering that I've been in office for a little over six months, I figured Councillors may find a brief overview of what I've been up to useful.

Executive Goals Overview

My executive goals are structured under three broad themes:

1. Fight Increasing Costs
2. Better the Student Experience
3. Bolster our Lobby Efforts

A. Fight Increasing Costs

1. Regulate Mandatory Non-Instructional Fees (MNIFs)
2. Close the Market Modifiers Loophole
3. Abolish Textbook Import Regulations and Fight for Cheaper Academic Materials
4. Eliminate Dormitory Property Taxes

B. Better the Student Experience

1. Improve the Elections Act
2. Make Student Work Programs a Lobby Priority
3. Advocate for International Students

C. Bolster our Lobby Efforts

1. Create an Advocacy Street Team
2. Lobby Rural MLAs
3. Develop a Politically Engaged Culture on Campus
4. Host a Conference on the Future of Post-Secondary Education in Alberta

THE END – Questions?
