To: Students' Council

Re: Report to Students' Council

Hello council!

Congratulations to all the councillors who were appointed to boards at the last meeting! It has only been one week since my last report, so I will keep this brief.

1. Boards and Committees

Since our last meeting I have attended a GFC Academic Planning Committee. The most noteworthy item discussed was the University's submission on academic performance to the Government of Alberta. I also attended my first Board of Governors meeting and dinner. There are lots of new members on the board so it has been helpful for Governor Sandare and I to get to know them at the dinner a bit before our first meeting.

2. Stakeholder Meetings

VP Scott and I attended a meeting with the Chinese Students and Scholars Association (CSSA) and University of Alberta International (UAI) to discuss how the Students' Union can better support international students from China. It was a very fruitful meeting and we were able to identify some areas where our organizations can develop closer ties.

3. Other Exciting Endeavours

VP Larsen and I will be attending the Council of Alberta University Students (CAUS) change over retreat over the weekend. At this retreat we will go over important information regarding provincial advocacy as well as elect our new Chair and Vice-Chair.

My summer office hours are Wednesdays from 12:00-1:00PM in SUB 2-900. Please feel free to drop by if you would like to chat.

Thank you very much for reading my report, and I am happy to answer any questions you may have!

Marina Banister

UASU President
