

Date: 11/1/2022**To:** Students' Union Council**Re:** President 2022/23 Report #14

Dear Council,

Below is an update on what I have been working on over the last two weeks. If you have any additional questions, please don't hesitate to reach out.

Tuition

This year we have started consultation with the University on tuition at the earliest to date. We continue our discussions with the University regarding all of the concerns that students raise about rising costs of living and tuition. A few of the key considerations we have presented to date include additional fees that students pay on top of tuition and highlighting the various challenging situations they find themselves in.

I have shared a document with Council regarding information that will be important to understand before discussions on tuition and the presentation from the University on November 29th.

Food Insecurity on Campus

Joannie and I have been working with the Campus Food Bank since the start of our terms to understand where they need support going into this year and stress the importance of food security for students. Through our advocacy, we have been able to convene stakeholders from the University, GSA, and Alumni Association to strategize a way to support the Campus Food Bank to meet the needs they are hearing from their clients.

Academic All Canadians Breakfast

The executive team had the opportunity to attend the Academic All-Canadian Breakfast to celebrate all of the varsity athletes who have worked so hard to succeed academically and represent the University of Alberta in the community. Congratulations to all of the varsity athletes on your Academic All-Canadian status!

Cheers,

**Abner Monteiro (he/him)**

President

University of Alberta Students' Union
