Re: Report to Students' Council

---

Hello Council,

I will have a slim report this week as most of my time over the past two weeks was taken up assisting with the SEI referendum.

*Strathcona County Transit Focus Group*

On Wednesday February 28<sup>th</sup>, I attended a focus group for the long term transit plan for Strathcona County. I brought a comprehensive report from CSJ, and communicated all students' issues with the transit system. I primarily spoke about service hours, reliability and travel time.

*United Way 2018 Campaign Planning Session*

On Tuesday the 6<sup>th</sup>, I attended a planning session for the next steps of the United Way Campaign. We did essential time lining and started planning for next year.

*Student Events Initiative*

The SEI did not pass, unfortunately. We are immediately starting next steps, with a general survey to students. The survey will evaluate why people voted in-favour or against. If we have any other questions, please do not hesitate to ask.

*Memes*

HERE WE GO
